Welcome from the Chief Executive Officer

Computer Career Center, a Division of Vista College, has just completed its thirty-first year of operation, and it gives me a chance to reflect on our success. Success doesn't just happen. Success is the result of a plan that is made and followed. Unfortunately, too many students have been led to believe that all they need for a successful and happy future is a diploma. This belief has resulted in disappointment for hundreds of capable graduates. Today it is important that every person be self-reliant. Our personal and national economies demand it. How then should people plan to assure themselves the greatest possibilities for happy and successful futures? There are three simple but vitally related factors which are essential but too frequently ignored: interest, demand and potential growth.

The most important item to remember in planning your future is that you must start with your interests. If you are interested in something, you will enjoy learning about it today and doing it tomorrow. Once you've spent your time and money on education, it is important there be a demand for the services in which you were trained. Finally, explore the growth potential in the field you select and be sure the field will meet your expectations. Ambitious men and women properly trained do not want to stagnate; they want to progress and grow.

We are primarily a nation of business. The whole structure of our busy world depends largely upon properly trained office and medical personnel for successful operation. By recognizing the need to continue your education, you have taken the first step in becoming a marketable individual. You have recognized the need to possess certain necessary skills if you are to compete in the rapidly changing job market. Business and industry thrives because of motivated people like you who want to contribute to the growth of our nation.

Computer Career Center, a Division of Vista College, provides students with the opportunity to learn traditional concepts in the areas of medicine, business, and industry. I personally challenge you to be the best that you can be. Not only while attending Computer Career Center, a Division of Vista College, but also once you have entered the job market as a graduate.

At Computer Career Center, a Division of Vista College, students are in a unique community. Our philosophy is that each student is an integral part in the success of our school. Every student has individual needs and wants. We will treat you with the respect and dignity you deserve. Our goal is to make every student be proud to be a part of Computer Career Center, a Division of Vista College. Our rewards will come from your accomplishments and success obtained from your education. We want to be your educational family. Remember, you are the school!

If you consider yourself a motivated individual who sees the world as exciting and challenging, I invite you to explore this catalog and consider Computer Career Center, a Division of Vista College as your means to become an integral part of our ever changing and competitive world.

ALL INFORMATION CONTAINED IN THIS STUDENT CATALOG IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE.

Jim Tolbert
Chief Executive Officer

This catalog is effective as of the date of publication. Computer Career Center, a Division of Vista College ("CCC") reserves the right to make changes in course schedules, curriculum, policies, procedures, and organizational structure as circumstances dictate, or as required by regulatory changes. This catalog with all addenda comprise the complete College Catalog. It is each student's responsibility to know the content within.

MISSION AND OBJECTIVES

The mission of Computer Career Center, a Division of Vista College (“CCC”), is to provide high quality, specialized career preparation or enhancement. CCC recognizes this is an era of accelerated changes and accepts the responsibility to aid its students in preparation for these changes by providing quality education and career guidance relative to the demands of an evolving work place.

Consistent with its mission, CCC has established the following objectives:

- To enroll students who demonstrate the aptitude and attitude to successfully pursue offered programs.
- To provide programs designed to help students to meet the needs of allied health, business and trades vocations.
- To acquire and maintain data from graduates, employers, publications, and professional conferences that is organized and shared with faculty, staff and advisory board members to ensure that courses and program content are relevant and timely.
- To collaborate with community employers to develop and revise curricula that include competency-based vocational skills training and traditional occupational classroom experiences for students.
- To assist displaced workers with training of new and marketable skills.
- To assist graduates with securing training-related careers.
- To be an active and contributing member of the community.
- To maintain an environment of professional, positive integrity that serves as a role model for enrolled students.

ACCREDITATION, LICENSES, AND AFFILIATIONS

CCC is eligible for participation in Title IV programs and financial aid is available for those who qualify. CCC provides training services for vocational rehabilitation programs as applicable by program and by campus. CCC is approved for the training of veterans and eligible persons under the provisions of Title 38, United States Code Veterans’ Benefits. The College is accredited by the Council on Occupational Education, 7840 Roswell Ridge, Bldg. 300, Suite 325, Atlanta, Georgia 30350, www.council.org.

ADMISSION

The admissions process depends on a truthful exchange of information between the applicant and the school. Any applicant not accepted for admission will be notified and no charges will apply.

Potential students must meet the following requirements to be considered for acceptance – they must:

- Be at least 17 years of age or older, and students under 18 must have a parent/legal guardian signature on the enrollment agreement;
- Visit the school and tour the campus;
- Complete an interview with the Admissions Department;
- Review and sign the Gainful Employment disclosure as an acknowledgement of receipt of the disclosure for the chosen program of study;
- Sign the enrollment agreement and all enrollment documents (disclosures, consent forms, and releases, as applicable);
- Provide CCC with official documentation of completion of secondary education. Acceptable documentation includes official high school transcripts, a verifiable General Educational Development (GED) certificate or official transcript indicating completion of an associate degree at an accredited post-secondary institution. Homeschool documentation may also be accepted.
 - Veteran and military students who are unable to acquire any of the above-listed proof of graduation may submit a DD214 (military transcript).
- Must take and pass the Wonderlic Scholastic Level Exam (SLE) entrance assessment with a minimum score of 11 (except Practical Nurse program applicants).
 - Prospective students are allowed three attempts to achieve a passing score – two during the first visit to the campus, and a third no earlier than the following day after the second attempt. Failure to achieve the required score by the third attempt will result in waiting six (6) months after the date of the third attempt.
 - CCC graduates enrolling into a new program are not required to complete the Wonderlic entrance assessment unless the score standard is higher.

PROGRAMMATIC ENTRANCE REQUIREMENTS

COSMETOLOGY

Applicants must fulfill the following acceptance requirements:

- Must be at least 17 years old to become eligible for state licensure by the New Mexico Board of Barbers and Cosmetologists (“NMBBC”).
- Must not have accumulated more than 1,200 hours at another institution toward a cosmetology license.

HEATING, VENTILATION, & AIR CONDITIONING (HVAC)

Applicants must fulfill the following acceptance requirements:

- Must complete a background check, with passing results received by the campus by Friday at midnight (local time) of week two (2) of the term.
- Must hold a valid, state-issued driver’s license.

PRACTICAL NURSE PROGRAM

Applicants must fulfill the following acceptance requirements:

- Pass the Test of Essential Academic Skills (TEAS) with a minimum score of 45%.
- The TEAS test can be taken twice in a six-month period. After a second failed attempt, the applicant must wait until 180 days after the last attempt to test a third time. TEAS scores are valid for 365 days from the last attempt and expire on the 366th day.
- Pass the New Mexico Board of Nursing’s criminal background check and a drug screening by midnight (local time) on the third Friday of the first term.

- Complete American Heart Association CPR certification and all immunization requirements by Friday at midnight (local time) of week twelve (12) of the first term or subsequent re-entry terms. After that point, students are required to maintain current immunity for the following throughout their educational experience:
 - Documentation of immunity to Measles, Mumps and Rubella
 - Documentation of immunity to Varicella
 - Annual documentation Tuberculin testing (PPD) with results < 3 months prior to the start of the program—OR – Submission of a chest x-ray and TB Questionnaire for students known to have a positive TB skin test
 - Hepatitis B vaccination or proof of immunity
 - Td (tetanus-diphtheria) or, preferably, Tdap (tetanus-diphtheria-pertussis) within the past 10 years
 - Seasonal flu vaccination

RE-ENTRY FROM PRIOR DROP

Students who previously attended but withdrew prior to graduating, and who wish to return to the same program of study, may re-enter upon review and approval. Such review will include prior academic history, conduct history, and outstanding financial obligations. CCC reserves the right to refuse re-entry to any student based upon the attendance, academic, financial, or conduct history of the student.

Re-entry students are subject to all admissions requirements and procedures as new applicants in effect at the time of re-entry with the exception of the registration fee. If the program requires a background check for admission, a re-entry must fulfill this requirement for each enrollment. The Wonderlic exam is required only if the score standard is higher than for the prior enrollment.

A student who was academically dismissed may re-enter into the next grading period. A student who was dismissed for violating the attendance policy may apply for re-entry after sitting out for at least one full grading period. Students in the Cosmetology program may re-enter at the clock hour point of withdrawal.

Students re-entering within 180 days of the prior last date of attendance will be charged the tuition amount charged during the prior enrollment. Students re-entering outside of 180 days will be charged the tuition amount currently in effect. CCC charges for remaining courses only and does not charge for credits already earned.

Students re-entering in the Practical Nurse program are not required to retake the Test of Essential Academic Skills (TEAS).

VISTA COLLEGE-TO-CCC TRANSFER

Students who previously attended a Vista College campus, and who wish to enroll at the CCC campus, are subject to all admissions requirements and procedures as new applicants. If the student earned grades in any courses that associate to the program at the new campus, all earned grades will transfer (A, B, C, F, and W).

CCC reserves the right to refuse re-enrollment to any student based upon the attendance, academic, financial, or conduct history of the student.

TRANSFER OF CREDIT

Students may transfer course credit for up to 75% of a program from other post-secondary institutions accredited by an agency recognized by the U.S. Department of Education. Transfer of credit will be based on an evaluation of the **official** academic transcript(s). Students may be required to provide the previous institution's course syllabus or school catalog containing course descriptions.

Courses will be eligible for transfer consideration if:

- The final grade is the equivalent of "C" or better;
- Credits were completed within the past seven (7) years (not required for Cosmetology hours and General Education courses);
- The transfer course content matches the CCC course objectives and is comparable in nature; and
- The course applies to the graduation requirements of the program.

Transfer credits will be awarded only if the course has not yet been taken at CCC. Transfer credit evaluation determinations are final.

VETERANS AND SERVICE MEMBERS

Students using military and VA education benefits are required to submit, by the end of the student's first term, all postsecondary institution official transcripts, a military transcript or a Joint Services Transcript (JST), and a DD214 (when applicable) for the mandatory evaluation of all potential transfer credits into any program for which the veteran or service member wishes to utilize his/her benefits.

PRACTICAL NURSE PROGRAM

Practical Nurse students may submit a request for transfer credit. To be considered for transfer credit, the official transcript(s) must reflect courses with a grade of "C" or better, and that were taken no longer than two years prior to the request. Additionally, applicants also may be required to pass a content or skills assessment.

TRANSFER HOURS - COSMETOLOGY PROGRAM

Students must submit transcripts to request credit for transfer hours. Hours earned in a high school program will be accepted as transfer hours provided they meet NMBBC criteria.

TRANSFER OF CREDIT TO OTHER INSTITUTIONS

CCC does not imply, promise, or guarantee transferability of credits earned to other post-secondary institutions as policies regarding the acceptance of transfer credits vary. The acceptance of such credits is at the discretion of the institution to which a student transfers. Students who may wish to transfer after attending CCC are encouraged to contact the school they wish to attend to determine if their credits, certificate, diploma, or degree will transfer.

PROFICIENCY CREDIT

A student may request course credit based on prior work or educational experience. Proficiency credit is not available for all courses, and the courses must be required for the program (see chart below for eligible courses).

The student will submit a written request for proficiency credit to the Director of Education no later than three weeks prior to the course start date, and the determination process must be completed before the course begins. The student must pass a proficiency exam (which may include skills assessment) that must be passed with a grade of 70 or higher in order to receive academic credit for the course.

Proficiency credit may be accepted for some CLEP tests as well. A student cannot receive proficiency credit if he or she has received a prior failing grade in the course equivalent. If the student demonstrates proficiency, a letter grade of "PE" will appear on the student's transcript. Proficiency credit will not be calculated in the cumulative grade point average (CGPA), but will be used to determine rate of progress (ROP) for satisfactory academic progress (SAP). All tests and supporting documentation for proficiency credit will be retained in the student's academic file.

A fee of \$100 per proficiency credit exam attempt will be charged. Fee payment must be made by cash, cashier's check, or money order. A student may not apply Federal Title IV funding to proficiency credit exam fees.

Active military or military veterans are exempt from the proficiency credit fee requirement. All other criteria must be met.

FINANCIAL AID

CCC's academic quarter (and academic term) for certificate, associate, and diploma programs is 10 weeks. The Practical Nurse program term is 15 weeks. This does not apply to clock-hour programs (Cosmetology).

Students enrolled in the associate degree program must enroll for a minimum of 12 quarter-credits per academic term to be considered full-time students.

CCC's academic year is defined as 30 weeks of instructional time during which a full-time student is expected to complete 36 quarter-credit hours. Cosmetology has a 26-week academic year (day) and a 36-week academic year (evening).

The college participates in the following Federal Student Aid programs:

- Federal Pell Grant
- Iraq and Afghanistan Service Grants
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- William D. Ford Direct Loan Program

Grant aid is funding that does not have to be paid back, and is available for students who qualify.

The Federal Direct Loan Program (FDLP) is available to assist students who qualify in meeting the cost of attaining an education at CCC. A loan is money you borrow and must repay with interest.

Additional information regarding federal student programs is available on the www.studentaid.gov website.

ADMINISTRATIVE FEES

- The registration fee is assessed upon initial attendance.
- Transcript—Students in good financial standing are provided one official transcript at no charge. Additional official transcripts are \$5 each. Payment must be made in certified funds.
- Certificate/Diploma—Students in good financial standing are provided one certificate of completion or diploma at no charge. Additional diplomas are \$10. Payment must be made in certified funds.

REFUND POLICY

The Institutional and Council on Occupational Education refund policy are calculated for students enrolled in the New Mexico campus. The determination of refunds will be calculated based on the most advantageous refund to the student.

CANCELLATION POLICY: A full refund will be made to any student who cancels the enrollment contract within 72 hours (until midnight (local time) of the third day excluding Saturdays, Sundays, and legal holidays) after the enrollment contract is signed. A full refund will also be made to any student who cancels enrollment within the student's first three scheduled class days, except that the school may retain not more than \$100 in any administrative fees charged, as well as items of extra expense that are necessary for the portion of the program attended and stated separately on the enrollment agreement (does not apply to Seminars). To cancel the Enrollment Agreement after it has been signed, the student must provide the Admissions Office of the College with a Notice of Cancellation which can be provided by mail or delivered in person. If the notice is deposited in the mail, it is deemed effective as of the date of the postmark, if it is properly addressed with proper postage. If it is delivered in person, it is deemed effective as of the date it is delivered in person.

REFUND OF FEDERAL TITLE IV AID POLICY

The College participates in federal financial aid. For students who have received Title IV financial assistance, the Federal Return of Title IV Funds calculation (R2T4) will be completed first and applicable funds returned. Returned funds will be reduced from the payments received on behalf of the student before applying the institutional refund policy to determine whether the student is owed a refund or if a balance is owed to the College. If a balance is owed to the College, you will have to make arrangements to pay it.

In compliance with Federal regulations, the College will determine how much Federal student financial assistance that the student has earned or not earned when a student who is a Title IV recipient withdraws from the College. The Federal Return of Title IV Funds formula dictates the amount of federal Title IV aid that must be returned to the federal government or the lending institution by the College and/or student. The federal formula is applicable to an eligible student receiving federal aid when that student withdraws on or before the 60% point in time in the payment period. The Return of Title IV Funds calculation may result in the student owing a balance to the Federal Government and, in some cases, to the College. If the amount received from federal funds is more than the amount earned, then a return will be made within forty-five (45) days of the date of determination, which is the date the College has determined that the student has officially or unofficially withdrawn.

For the purpose of determining the amount to be returned, if any, you shall be deemed to have withdrawn from the program when any of the following occurs: (a) You notify College of your withdrawal or the actual date of withdrawal; (b) the College terminates your enrollment; (c) You fail to attend classes for a 14-day period; (d) You fail to return from a leave of absence. In this case, the date of withdrawal shall be deemed to be the last date of recorded attendance. Provisions (a) and (b) are considered official withdrawals, provisions (c) and (d) are considered unofficial withdrawals.

Withdrawal Before 60%: The College must perform a R2T4 calculation to determine the amount of earned aid up through the 60% point in each payment period and use the Department of Education's prorated schedule to determine the amount of R2T4 funds the student has earned at the time of termination or withdrawal. After the 60% point in the payment period of enrollment, a student has earned 100% of the Title IV funds he or she was scheduled to receive during the period.

Withdrawal After 60%: For a student who is terminated or withdraws after the 60% point-in-time, there are no unearned funds. However, the College will still calculate the Institutional Refund and RT24 for financial aid recipients.

To calculate the amount earned for credit-hour programs, the College will determine the percentage by dividing the number of calendar days the student completed in the payment period as of the last day of attendance by the total number of calendar days in the payment period. Any scheduled break of 5 days or more is not counted in the total calendar days of the payment period. To calculate the amount earned for clock hour programs, the College will determine the percentage by dividing the number of clock hours the student attended in the payment period as of the last day of attendance by the total number of clock hours the student was scheduled to have attended in the payment period. If a return results from the calculation, federal policy requires that these unearned funds be returned to the applicable Title IV financial aid fund source. Funds are returned to the Title IV Programs in the following federally mandated order: (1) Unsubsidized Federal Direct Loan; (2) Subsidized Federal Direct Loan; (3) Federal Direct PLUS loan; (4) Federal Pell Grants; (5) Federal Supplemental Education Opportunity Grant (SEOG); (6) other grant or loan assistance authorized by Title IV of the HEA, as amended.

If more Federal Title IV student financial assistance has been earned than has been received, the student may be eligible for a post-withdrawal disbursement. The College will notify the student within 30 days of the date of determination of any post-withdrawal disbursement loan funds for which the student may be eligible and what steps need to be taken for the Federal Title IV financial assistance funds to be received. The student or parent, in the case of Federal Direct PLUS Loans, needs to provide permission before any loan funds may be disbursed on the student's account or disbursed to the student or parent. However, the College may automatically use all or a portion of the post-withdrawal disbursement of grant funds for tuition and fees, and with the student's authorization, the College may automatically use the grant funds for other educationally related charges. Any balance of grant funds that may be available will be offered to the student. The College will make a post-withdrawal disbursement of any loan funds the student accepts within 180 days from the date the College determined the student withdrew.

If the Federal Title IV student financial assistance funds need to be returned, the institution must return a portion or all of the unearned funds equal to the lesser of: the institutional charges multiplied by the percentage of unearned Federal Title IV student financial assistance funds; or the entire amount of unearned funds. If there are remaining unearned Federal Title IV financial aid funds to be returned, the student must return any loan funds that remain to be returned in accordance with the terms and conditions of the promissory note. If the remaining amount of funds to be returned includes grant funds, the student must return any amount of the overpayment that is more than half of the grant funds received. The College will notify the student as to the amount owed and how and where it should be returned.

INSTITUTIONAL REFUND POLICY

1. Refund computations will be based on scheduled course time of class attendance through the last date of attendance. Leaves of absence, suspensions, and College holidays will not be counted as part of the scheduled class attendance.
2. The effective date of termination for refund purposes will be the earliest of the following:
 - a. The last day of attendance, if the student is terminated by the College;
 - b. The date of the receipt of written notice from the student; or
 - c. Fourteen (14) consecutive calendar days following the last date of attendance excluding scheduled breaks and holidays.
3. If tuition and fees are collected in advance of entrance, and if after expiration of the 72-hour cancellation privilege the student does not enter College, not more than \$100 in nonrefundable administrative fees shall be retained by the College for the entire residence program.
4. If a student enters a residence program and withdraws or is otherwise terminated, the College may retain not more than \$100 in nonrefundable administrative fees for the entire program. The minimum refund of the remaining tuition and fees will be the pro rata portion of tuition, fees, and other charges that the number of hours remaining in the portion of the course or program for which the student has been charged after the effective date of termination bears to the total number of hours in the portion of the course or program for which the student has been charged, except that a student may not collect a refund if the student has completed 75 percent or more of the total number of hours in the portion of the program for which the student has been charged on the effective date of termination.
5. Refunds for items of extra expense to the student, such as books, tools, or other supplies should be handled separately from refund of tuition and other academic fees. The student will not be required to purchase instructional supplies, books and tools until such time as these materials are required. Once these materials are purchased, no refund will be made. For full refunds, the school can withhold costs for these types of items from the refund as long as they were necessary for the portion of the program attended and separately stated in the enrollment agreement. Any such items not required for the portion of the program attended must be included in the refund.
6. A student who withdraws for a reason unrelated to the student's academic status after the 75 percent completion mark and requests a grade at the time of withdrawal shall be given a grade of "incomplete" and permitted to re-enroll in the course or program during the 12-month period following the date the student withdrew without payment of additional tuition for that portion of the course or program.

7. A full refund of all tuition and fees is due and refundable in each of the following cases:
 - a. An enrollee is not accepted by the College;
 - b. If the course of instruction is discontinued by the College and this prevents the student from completing the course; or
 - c. If the student's enrollment was procured as a result of any misrepresentation in advertising, promotional materials of the College, or representations by the owner or representatives of the College.

A full or partial refund may also be due in other circumstances of program deficiencies or violations of requirements for career schools and colleges.

8. Refund policy for students called to active military service:

A student of the College who withdraws from the College as a result of the student being called to active duty in a branch of military service or the National Guard may elect one of the following options for each program in which the student is enrolled:

 - a. If tuition and fees are collected in advance of the withdrawal, a pro rata refund of any tuition, fees, or other charges paid by the student for the program and cancellation of any unpaid tuition, fees, or other charges owed by the student for the portion of the program the student does not complete following withdrawal;
 - b. A grade of incomplete with the designation "withdrawn-military" for the courses in the program, other than courses for which the student has previously received a grade on the student's transcript, and the right to re-enroll in the program, or a substantially equivalent program if that program is no longer available, not later than the first anniversary of the date the student is discharged from active military duty without payment of additional tuition, fees, or other charges for the program other than any previously unpaid balance of the original tuition, fees, and charges for books for the program; or other charges for the program other than any previously unpaid balance of the original tuition, fees, and charges for books for the programs; or
 - c. The assignment of an appropriate final grade or credit for the courses in the program, but only if the instructor or instructors of the program determine that the student has:
 1. Satisfactorily completed at least 90 percent of the required coursework for the program; and
 2. Demonstrated sufficient mastery of the program material to receive credit for completing the program.
9. The payment of refunds will be totally completed such that the refund instrument has been negotiated or credited into the proper account(s), within 60 days after the effective date of termination.

COUNCIL ON OCCUPATIONAL EDUCATION REFUND POLICY

The Council on Occupational Education (COE) refund policy for students attending non-public institutions who incur a financial obligation for a period of 12 months or less shall be as follows:

- (i) During the first 10% of the period of financial obligation, the institution shall refund at least 90% of the tuition
- (ii) After the first 10% of the period of financial obligation and until the end of the first 25% of the period of obligation, the institution shall refund at least 50% of the tuition
- (iii) After the first 25% of the period of financial obligation and until the end of the first 50% of the period of obligation, the institution shall refund at least 25% of the tuition
- (iv) After the first 50% of the period of financial obligation, the institution may retain all of the tuition.

Students will be held responsible for any monies still owing to Computer Career Center, a Division of Vista College and will be billed accordingly. The effective date of termination is stated above.

If tuition is collected in advance of entrance and if after expiration of the 72-hour cancellation privilege the student does not begin class, not more than \$100 shall be retained by the College.

The student will be issued instructional supplies, books or materials at the time these materials are required by the program. However, if a student does not qualify for any tuition assistance, enrolls in individual courses and/or withdraws from the institution before payment has been made, books will be billed accordingly to the student. Once these materials have been issued "used", no refund will be granted.

A refund of tuition and fees is due and refundable in each of the following cases:

- An applicant is not accepted for enrollment.
- If the student's enrollment was procured as a result of any misrepresentation in advertising, promotional materials of the College, or misrepresentations by the owner or representative of the College.
- The program of study is discontinued by the College and this prevents the student from completing the program.

Refunds will be totally consummated within 45 days after the effective date of termination for students who withdraw or who are terminated by the College. Upon request by a student or any state or federal department the institution shall provide an accounting for such amounts retained within five workdays. Refunds for graduates and completed students will be consummated within 60 days.

INSTITUTIONAL SCHOLARSHIPS

The CCC institutional scholarships are intended to assist eligible students with obtaining an affordable college education that can lead to gainful employment, while minimizing student loan debt.

MILITARY SCHOLARSHIP

Students applying the Military Scholarship are not eligible for additional institutional scholarships. Eligibility Information:

- Student is eligible to participate if using benefits at CCC for one of the following programs:
 - MGI B Montgomery GI Bill¹, 9/11 GI Bill¹, Forever GI Bill¹, Yellow Ribbon
 - The Marine Gunnery Sergeant John David Fry Scholarship (Fry Scholarship)
 - Vocational Rehabilitation & Employment Service Program
 - Tuition Assistance for Active Duty
 - My Career Advancement Account (MyCAA)
 - Survivors & Dependents Educational Assistance (DEA)
- A Certificate of Eligibility (COE), 22-1905, or Financial Assistance document and transcripts must be provided
- If the total amount of aid (minus Pell Grant) received exceeds the cost of tuition and fees, the scholarship amount will be reduced by the excess amount
- Be actively attending at time of scholarship disbursement. Withdrawn students lose eligibility for future scholarship disbursements in the withdrawn enrollment. Additionally, a paid scholarship disbursement will be proportionally adjusted for current term in which a student withdraws.

¹ GI Bill is a registered trademark of the U.S. Department of Veterans Affairs ("VA"). More information about education benefits offered by the VA is available on the U.S. Government GI Bill website.

MATCHING SCHOLARSHIP

Matching funds are available to full-time students who receive scholarships from any non-profit agency, service club, or similar private organization. CCC will match the amount up to maximum of \$1000 per student. **CCC reserves the right to reduce the match if a credit balance is created.** Students are required to provide proof of the outside scholarship award to the campus Office of Financial Aid. Scholarships will be noted on the Estimated Educational Cost document (EEC). All such scholarship checks should be made payable to "Computer Career Center, a Division of Vista College".

- If the total amount of aid (minus Pell Grant) received exceeds the cost of tuition and fees, the scholarship amount will be reduced by the excess amount.
- Students will be actively attending at time of scholarship disbursement. Withdrawn students will potentially lose eligibility for future scholarship disbursements. Additionally, a paid scholarship disbursement will be proportionally adjusted for current term when a student withdraws.

MATCHING AGENCY SCHOLARSHIP

Agency scholarships are awarded to eligible students as follows:

- Students with an executed ITA or Purchase Order will be packaged to match the amount of tuition approved on the domicile state's ETP website for WIOA and TAA or the domicile state's approved amount for vocational rehabilitation services.
- Students will be entitled to maximize their Pell eligibility and may receive funds not required to cover published tuition in the form of stipend.
- If the total amount of aid (minus Pell Grant) received exceeds the cost of tuition and fees, the scholarship amount will be reduced by the excess amount.
- Be actively attending at time of scholarship disbursement. Withdrawn students lose eligibility for future scholarship disbursements. Additionally, a paid scholarship disbursement will be proportionally adjusted for current term when a student withdraws.

For select programs, the college will scholarship a dollar for dollar match of the agency award as long as no credit balances are created. If the match creates a credit balance it will be reduced accordingly.

HIGH SCHOOL SCHOLARSHIP

This scholarship for eligible recent High School graduates, is offered periodically and applies to all certificate, diploma, and degree programs of study. Detailed information is available at <https://www.vistacollege.edu/high-school-scholarship-award-vista/>.

To qualify, the student must:

- Achieve a cumulative 2.5 GPA or 80% grade average for the senior high school year (verified with the official high school transcript verifying graduation).
- Write a minimum 250-word essay on "Why I Am Choosing to Pursue This Career Path".
- Start a CCC program and pass the first five week course of the program.

This scholarship award does not meet the criteria of the Matching Scholarship Program. The award amount will be reduced if it creates a credit balance for the student.

HOPE SCHOLARSHIP

CCC offers the Hope Scholarship to provide additional financial support to students who are receiving tribal funding to assist with educational costs that are not already covered by other sources of funding. Applicants must provide documentation of tribal funding award.

This scholarship will be awarded in a dollar for dollar match, not to exceed the total cost of the program. If the total amount of aid received exceeds the cost of tuition and fees, the scholarship amount will be reduced by the excess amount. Scholarships may not be combined with other institutional scholarships.

REACHING YOUR GOAL SCHOLARSHIP

The CCC *Reaching Your Goal Scholarship* is offered to assist full-time students who have previously attended CCC but who were unable to complete their programs of study. The *Reaching Your Goal Scholarship* provides 100% debt forgiveness against any previous enrollment balance up to \$3,000 upon graduation from the currently enrolled program. To be eligible for the scholarship, the student must return to CCC, enroll and start classes, and must successfully complete and graduate from a program during this enrollment.

NEW PROGRAM / NEW GOAL SCHOLARSHIP

The *New Program/New Goal Scholarship* is designed to assist prior CCC students in the Vocational Nurse or Practical Nurse (VN or PN) programs who were unable to complete their Nursing program of study. To be eligible for the scholarship, the student must enroll in and start any other program; the scholarship will apply only to this single enrollment. This applies to new program enrollments only (the student may not have enrolled and started in the new program previously).

The *New Program/New Goal Scholarship* provides tuition credit in this single enrollment in any program for the amount paid while in the Nursing program (including all funding sources except CCC scholarships and CCC matching funds) of **up to \$15,000**. The credit will be applied by term, and will be fully credited upon completion of the program. In addition, CCC will forgive the enrollment balance (from the prior Nursing program) of **up to \$3,000** upon graduation from the currently enrolled program. If the scholarship creates a credit balance on your account, the scholarship will be reduced until the credit balance is eliminated.

OTHER FUNDING SOURCES

VOCATIONAL REHABILITATION

Vocational Rehabilitation (VR) has several programs to assist individuals pursuing new career paths. The purpose of VR is to equalize employment opportunities for those persons who because of accident, disease, or congenital deformity, have an impairment that constitutes a barrier to employment or preparation for it. For detailed information concerning these programs, contact the local vocational rehabilitation office.

NATIVE AMERICAN STUDENTS

Members of an American Indian (Native American) tribe may be eligible for financial assistance through the Bureau of Indian Affairs or tribal council. Verification of Indian ancestry and tribal membership are generally required to be eligible for assistance. For more information, contact the Bureau of Indian Affairs.

WORKFORCE INNOVATION AND OPPORTUNITY ACT

Participants must be deemed eligible for WIOA services prior to enrollment at CCC. The objective of the program is to provide training for individuals who lack the occupational and job-seeking skills needed to obtain employment. The purpose of the program is to increase participant occupational skill levels to be adequately prepared for obtaining employment. For detailed information concerning these programs contact the local workforce center.

VETERANS AFFAIRS

As part of the application process the new student must visit the Office of Financial Aid to complete application instructions and to receive important information. It is the student's responsibility to notify the office of Financial Aid of any changes in course load. Students receiving VA benefits and requesting Military Leaves of Absence will experience an interruption of benefits and will be reported to the VA office. The VA office will be notified when the student returns from the Military Leave of Absence as scheduled.

ACADEMICS

GRADES

Effective January 7, 2019, the grade of "D" will no longer be awarded for any course in any CCC program. All grades of "D" earned prior to January 7, 2019 will remain on students' academic histories and transcripts, and will be included in the students' SAP calculations.

Grade	Description	Satisfactory Academic Progress Calculations			Grade Points
		Included in Credits Earned	Included in Credits Attempted	Included in CGPA	
A	Excellent (90-100)	Yes	Yes	Yes	4
	<i>The student has satisfactorily met course requirements and has earned credit for the course.</i>				
B	Above Average (80-89.99)	Yes	Yes	Yes	3
	<i>The student has satisfactorily met course requirements and has earned credit for the course.</i>				
C	Average (70-79.99)	Yes	Yes	Yes	2
	<i>The student has satisfactorily met course requirements and has earned credit for the course.</i>				
F	Failing (Below 70)	No	Yes	Yes	0
	<i>The student has not satisfactorily met course requirements and must repeat the course for credit (no repeat required for Cosmetology students).</i>				
EP	Externship - Pass	Yes	Yes	No	N/A
	<i>The student has satisfactorily met course requirements and has earned credit for the course.</i>				
EF	Externship - Fail	No	Yes	No	N/A
	<i>The student has not satisfactorily met course requirements and has not earned credit for the course.</i>				
I	Incomplete	No	Yes	No	N/A
	<i>Special circumstances only.</i>				

W	Withdrawn	No	Yes	No	N/A
	<i>The student withdraws on or before the last day of a grading period.</i>				
WX	Withdrawn during the Add/Drop Period	No	No	No	N/A
	<i>New students who withdraw during the first 14 calendar days of their first term.</i>				
WM	Withdrawn Military	No	No	No	N/A
	<i>Only for active students who are called into military action and who choose to withdraw from school.</i>				
ML	Military Academic Leave	No	No	No	N/A
	<i>Military students who are called to active duty who do not withdraw, who do take an academic leave, and choose to not complete the coursework for a grade.</i>				
T	Transfer Credit	Yes	Yes	No	N/A
	<i>The student passed a similar course at another institution and earned the equivalent of a grade of 'C' or higher.</i>				
PE	Proficiency Exam	Yes	Yes	No	N/A
	<i>The student passed a proficiency test to earn credit for the class.</i>				
NC	No Credit	No	No	No	N/A
	<i>The student had a course break.</i>				
AU	Audit	No	No	No	N/A
	<i>Indicates the student attended class but was not required to complete all the activities.***</i>				
Practical Nurse only					
A	Excellent (90-100)	Yes	Yes	Yes	4
B	Above Average (80-89)	Yes	Yes	Yes	3
C	Average (75-79)	Yes	Yes	Yes	2
F	Failing (Below 75)	No	Yes	Yes	0

***Students wishing to audit a course must request permission from the Director of Education before the class starts.

Note: Students whose enrollments are cancelled prior to posting attendance do not receive a grade.

CLASS SCHEDULES

Students in good financial standing receive their class schedules prior to the first day of class. There are no breaks scheduled for meal times, although there will be no less than one ten-minute break each scheduled hour of class. A clock hour is defined as 50 minutes in a 60-minute period. The actual number of class hours required for completion of a specific certificate, diploma, or degree program varies.

The following schedules are approximate and may vary campus to campus:

Morning Schedule – Monday-Friday 8:30 AM to 1:00 PM (4.5 hours)		Afternoon Schedule – Monday-Friday 1:00 PM to 5:30 PM (4.5 hours)		Evening Class – Monday-Friday 5:30 PM to 10:00 PM (4.5 hours)	
START	END	START	END	START	END
8:30 AM	9:20 AM	1:00 PM	1:50 PM	5:30 PM	6:20 PM
9:30 AM	10:20 AM	2:00 PM	2:50 PM	6:30 PM	7:20 PM
10:30 AM	11:20 AM	3:00 PM	3:50 PM	7:30 PM	8:20 PM
11:30 AM	12:20 PM	4:00 PM	4:50 PM	8:30 PM	9:20 PM
12:30 PM	1:00 PM	5:00 PM	5:30 PM	9:30 PM	10:00 PM

The days and hours may vary in the Cosmetology and Practical Nurse programs, and externships.

STUDENT/TEACHER RATIOS

The maximum student/teacher class ratios are:

- Theory: 30 to 1
- Laboratory: 20 to 1
- Cosmetology: 25 to 1
- Clinical (PN): 10 to 1

UPDATE OF NAME AND CONTACT INFORMATION

At the time of application for admission, individuals must provide their legal name as it appears on the individual's social security card. After submission of the application for admission, any name changes must be reported in writing to the Registrar. In the case of a legal name change, a copy of the court order for the change must be provided to the Registrar. It is the student's responsibility to inform the college of any change in address or contact information.

VOLUNTARY WITHDRAWAL FROM SCHOOL

Enrolled students wishing to withdraw from school will notify the Director of Education, Program Director, Student Services Coordinator, or Registrar, either verbally or in writing. The withdrawal will be effective as of the date of the verbal request, the postmark date on a mailed request, or the "send" date of an electronic notification. Only the student may request to be withdrawn unless express written authorization is provided to a third party representative.

PROGRAM CHANGES WITHIN THE INSTITUTION

Students who wish to change programs must submit a *Program Change Request* form. Program changes cannot occur during a course. Previously-attempted CCC courses that apply to the new program will be applied to the student's new academic record, including all academic grades earned (A, B, C, F, and W).

If a student has previously withdrawn from CCC and wishes to return to school in a different program, the Program Change process will be followed, and the student will be a new enrollment.

COURSE BREAK

When a continuously-enrolled student encounters a grading period during which the student does not require any of the courses being offered, it may be possible for the student to have a Course Break. A Course Break is a period of 2.5 or five (5) consecutive weeks during which the student remains in "active" status, but is not scheduled for or attending a course. A student in a negative SAP status, or with poor attendance, may not be eligible for a Course Break. A grade of "NC" (No Credit) will be applied to the course break.

A student may have no more than two breaks of any length (2.5 or 5 weeks) per program (inclusive of multiple enrollments). A Course Break may not be used for a student who wants to take time off, or who does not want to take the next scheduled course. Students on a Course Break who do not return on the first scheduled class day of the next term (immediately following a Course Break) will be dropped the morning of the following day.

EXTERNSHIP

Externship is the final academic course in many programs, and all externship hours should be completed within the designated number of weeks in order to pass the course and complete the program. The Externship course is a pass/fail course with grading based upon weekly, mid-course, and final assessment. All program (classroom) courses must be completed prior to starting externship in the following programs:

PROGRAM	HOURS*	WEEKS
Diploma Dental Assistant	180	5 weeks
Diploma Information Technology (IT)	5 (classroom) / 180 (site)	5 weeks
Diploma Medical Assisting (Teach-out effective 07/02/19)	180	5 weeks
Diploma Medical Assisting	10 (classroom) / 170 (site)	5 weeks
Diploma Medical Insurance Billing & Coding (MIBC) (Teach-out effective 07/02/19)	180	5 weeks
Diploma Medical Insurance Billing & Coding (MIBC)	10 (classroom) / 170 (site)	5 weeks

*Externships are unpaid and may not exceed 40 hours per week

At least two weeks prior to starting externship, students are required to complete the Externship Clearance Checklist, interview, be accepted by, and agree to a schedule with, the externship location. If not completed two weeks prior to the externship start date, the student's externship course may be delayed.

For Allied Health programs that require either or both, CPR certification and immunizations must be completed prior to interviewing for externship. Some sites require a drug screening – a student who has a positive drug screen will be dismissed from the program and required to sit out one ten-week term. The student may appeal to return, but must have a negative drug screen.

CCC does not guarantee evening or other shifts for externship. Whether or not students attended class during the day or in the evening, the majority of externship sites experiences will be during the day. Students are encouraged to plan ahead for any potential schedule conflict.

ACADEMIC LEAVE - MILITARY

Military students who are called to active duty may request, using the **Academic Leave – Military Request Form** with documented orders, an academic leave of no more than 16 consecutive calendar days. The request must be submitted at least five (5) calendar days in advance of the leave start date (unless the orders are dated less than five days prior to the start date of the leave). If the academic leave is granted, the student will not be withdrawn from school, and will have the opportunity to make up work to earn a grade. If the student returns on the scheduled date, there will be no negative impact to the student's Satisfactory Academic progress.

REPEATING A COURSE

When a student takes the same course more than once, all grades assigned remain on the student's transcript, but only the latest grade earned is included in the cumulative grade point average calculation. However, all courses count as credits attempted toward Maximum Time Frame (MTF). Students will be charged for repeat courses.

PROGRESSIVE EVALUATIONS

Grades will be distributed to students at the end of each grading period. Student progress evaluations and academic advising are provided at the end of each academic term, 10-week terms for all programs except Practical Nurse, which has 15-week terms. Cosmetology progress evaluations are distributed at the end of each financial aid grading point.

ENGLISH AS A SECOND LANGUAGE

CCC does not provide English as a second language instruction. All instructional materials and supplies are in English.

SATISFACTORY ACADEMIC PROGRESS (SAP)

Federal regulations require student aid (Title IV) recipients to maintain satisfactory academic progress (SAP) toward achievement of their certificate, diploma, or degree. Every student, whether or not a Title IV recipient, is evaluated at the end of each term or payment period to assess academic standing and continued financial aid eligibility. Students must meet both qualitative (cumulative grade point average) and quantitative (rate of progress) measurements to remain in good standing. Additionally, students must be able to complete their program of study within maximum time frame, which is defined as 1.5 times the published length of the program as measured in credit hours (calendar weeks for Cosmetology).

At the end of each quarter or payment period, the school will assess SAP, and students must demonstrate progress in the program at each of the evaluation points. The cumulative grade point average (CGPA) will be calculated at the end of each grading period for each program. The calculation will include all quarter credit hour courses completed during the program of study. In all calculations, a grade of "W" (Withdrawal) or "I" (Incomplete) will be treated as zero (0) credits earned.

Qualitative Component Benchmark	Quantitative Component Benchmark
2.00 Cumulative Grade Point Average	66.67% Successful Completion of Attempted Credits

Additional SAP Requirements for Clock Hour Programs
For Cosmetology, academic progress is measured at 450/900/1250/1600 scheduled hours (and every 300 hours thereafter)

At each SAP evaluation point, students will be placed in one of the following four statuses:

Good Standing

Students who achieve both SAP benchmarks are considered to be in good academic standing.

Financial Aid/Academic Warning (FA Warning)

The first time a student fails to meet one or both SAP benchmarks the student will be notified and placed on FA Warning status for one academic term, during which the student will retain federal financial aid eligibility. Students who are placed on FA Warning will be reinstated to Good Standing at the end of the academic term upon achieving both SAP benchmarks. All students on FA Warning will complete and commit to an academic improvement plan.

Financial Aid/Academic Probation (FA probation)

A student who does not meet one or both of the SAP measurements for a second consecutive academic term will be notified and placed on FA Probation, and may retain federal financial aid eligibility if the student is able to successfully appeal the SAP decision. The student must agree to follow an academic plan that supports the student's ability to achieve satisfactory academic benchmarks by the end of the next term. A student will be reinstated to Good Standing at the end of the evaluation period upon meeting both SAP benchmarks.

Financial Aid/Academic Suspension (FA Suspension)

A student who does not meet one or both of the SAP measurements for a third consecutive academic term will be notified of their status, be placed on FA suspension, and will lose federal financial aid eligibility. The student may appeal the SAP decision. If the student is successful and wins the appeal, then (s)he may continue to attend school with alternative funding. The student must agree to follow an academic plan that supports the student's ability to achieve satisfactory academic benchmarks upon graduation from the program and within the maximum time frame. A student may not progress from FA Suspension directly to Good Standing. However, upon meeting both SAP measurements at the end of the subsequent term, the student may be eligible to return to FA Probation and reinstate Title IV funding if the student is able to successfully appeal the SAP decision.

SAP APPEALS

Students placed on FA Probation or FA Suspension are required to appeal in writing to remain eligible to continue their programs of study. After being placed in a negative SAP status, appeals must be submitted in writing to the Director of Education by no later than noon on the Friday of the first week of the subsequent term.

A submitted SAP Appeal Application must include:

- A description of the extenuating or mitigating circumstances that negatively affected the student's ability to meet satisfactory academic progress requirements. The circumstances must be temporary in nature and directly linked to performance for that term.
- An explanation of how circumstances have changed that will allow the student to meet SAP in future terms.
- What the student will do differently to overcome obstacles that would cause them to be placed on a SAP status in the future.
- Any supporting documentation that evidences the circumstances described in the appeal application. Supporting documentation could include: car repair bills, letter from the court, a doctor's note, attestations from non-related people who are aware of the situation, etc.

Mitigating circumstances include, but are not limited to, the following:

- Death of an immediate family member
- Student illness requiring hospitalization
- Illness of a family member where the student is a primary caretaker
- Abusive relationship
- Divorce proceedings
- Previously undocumented disability
- Natural Disaster
- Family emergency
- Financial hardship such as foreclosure or eviction
- Loss of transportation where there was no alternative method of transportation
- Temporary incarceration

If approved, the student will be notified and placed on an academic plan.

If the appeal is denied, all charges accrued for the grading period will be removed. The student will then be dismissed

from school, and assigned a grade of WX for the current course. Students wishing to re-enter from a prior withdrawal or dismissal, with a most recent SAP status of FA Probation, must successfully appeal to re-enter. Students will be on FA probation upon re-entry, and must fulfill all the requirements of the appeal.

GRADUATION REQUIREMENTS

Students must meet the following diploma/degree requirements as of the time of application for graduation:

- Students must successfully complete all courses in the program of study.
- Transfer of credit from another institution or proficiency credit may be used to qualify as successful completion of a course. A minimum of twenty-five percent (25%) of credit hours must be completed at CCC.
- A student must earn a cumulative grade point average of 2.0 for all course work completed at CCC.

Students must be in good financial standing prior to receiving their diploma/degree. Graduation ceremonies are held twice per year. In order to take part, students must complete an application to graduate and be approved for participation in a ceremony.

ATTENDANCE

Students are expected to attend each class meeting for every class in which they are officially enrolled.

The following attendance requirements apply to all diploma and degree programs:

- Attendance records reflecting absences are kept by the school. Any agency that provides educational financial assistance to a student will receive accurate and complete information concerning the student attendance and progress.
- Students are expected to return on time from scheduled class breaks and to remain in class until dismissed by the instructor.
- Completing make-up work does not eliminate a previous absence. If allowed, it may be evaluated for credit. It is the student's responsibility to contact instructors for assignments during the absence, and to be current with schoolwork at all times. Absence from school does not excuse program obligations required for satisfactory academic progress.

ATTENDANCE VIOLATIONS

The following violations apply to all programs except Cosmetology and Practical Nurse.

Percent Absent

Students who exceed 20% absence in a term will be placed on attendance probation during the next term. Exceeding 20% absence in the attendance probation term will result in immediate dismissal from the program.

Students who exceed 20% absence for the scheduled hours in the program will be dismissed immediately from school and may not be considered for re-entry for a minimum of five (5) weeks.

Consecutive Days Absent

A student will be dismissed from school if absent for 14 consecutive calendar days (excluding scheduled breaks and holidays) within a single grading period.

ATTENDANCE – COSMETOLOGY

Cosmetology students are expected to maintain an attendance percentage of 80% or higher of scheduled hours (less than 20% absent rate). Attendance is systematically and consistently evaluated in 10-week blocks beginning with the student's program start date. Student's receiving VA benefits will **not** include make-up hours with respect to calculating their overall attendance percentage.

Students who exceed 20% absence within a 10-week block will be placed on attendance probation during the next 10-week block. Exceeding 20% absence in the attendance probation period will result in immediate dismissal from the program.

Students who exceed 20% absence for the total scheduled hours in the program will be dismissed immediately.

Students who are dismissed from the program due to attendance violations must sit out a minimum of five (5) weeks before applying for re-entry into the program.

Cosmetology students must complete 100% of the scheduled hours in the program. Due to that requirement, they have the opportunity to make up attendance time for having been absent from class. The campus has scheduled times for the students to attend for make-up hours outside of their regularly scheduled class time and within the scheduled course dates. Student's receiving VA benefits will be allowed to make-up hours to satisfy the 100% of the scheduled hour requirement, however make-up hours will not be used with respect to calculating their overall attendance percentage.

Consecutive Days Absent

A student will be dismissed from school if absent for 14 consecutive calendar days (excluding scheduled breaks and holidays) within a 10-week block.

ATTENDANCE - PRACTICAL NURSE

Students are expected to attend every class, laboratory and clinical experience, arriving on time prepared to work. When a student arrives late for class or laboratory, returns from a scheduled break late, or leaves early, it is counted as absent time, and is recorded in 15-minute increments.

Students who are absent 10% of the total hours for any classroom or laboratory course element will receive a written warning. Students who are absent 15% or more of the total hours for any classroom or laboratory course element will be withdrawn from the course.

Students are provided with their individual schedule of clinical experiences. Clinical experiences include direct and indirect patient care activities as well as pre- and post-conference activities. Missed clinical experiences are missed opportunities to meet course objectives.

- Students who arrive more than 15 minutes late to clinical experiences will be sent home and marked absent for the entire clinical day.
- Students who leave early from a clinical experience are considered absent from the entire experience. Students who miss more than two (2) clinical experiences in Medical Surgical Nursing, Advanced Medical Surgical Nursing or Practical Nursing Capstone will be withdrawn from the course.
- Students who miss more than one (1) clinical experience in Mental Health Nursing or Parent Child Health will be withdrawn from the course.

Violations of the Attendance Policy are not eligible for appeal.

DATE OF DETERMINATION

The date of determination (DOD) will be the date the school determined the student would not return to school, and will be used to determine the timeliness of the refund. The DOD is the **earliest** of the following three (3) dates:

- The date the student notifies the school (verbally or in writing) that s/he is not returning (request to withdraw);
- The date the student violates the published attendance policy; or
- No later than the 14th calendar day after the LDA; scheduled breaks and holidays are excluded when calculating the DOD.

The student must be withdrawn from school by the morning following the DOD.

GENERAL INFORMATION

ADMINISTRATIVE HOURS OF OPERATION

Administrative offices are open Monday through Friday, at 8 a.m. until 5 p.m. (local time). The Admissions office is open Monday through Friday at 8 a.m. until 7 p.m. (local time) and on Saturdays 10 a.m. - 2 p.m. (local time). Administrative hours may vary by campus.

AMERICANS WITH DISABILITIES ACT (ADA) AND 504 COORDINATOR

CCC is committed to providing full academic access to all qualified students, including those with disabilities. For the purposes of ADA and Section 504 considerations, a disability is a physical or mental impairment that substantially limits one or more major life activities, a record of a physical or mental impairment that substantially limited one or more major life activities, or a condition which causes an individual to be regarded as having an impairment, whether they have the impairment or not.

If a student wishes to have accommodations during the program, it is the student's responsibility to request accommodations using the ADA/Section 504 Accommodation Request Form. The student will complete the form, include medical documentation no older than three years old, and submit to the Campus Director.

The Accommodations Review Committee will consider the following factors when making the determination regarding appropriate accommodations and/or auxiliary aids/services:

- The nature and extent of the limitations resulting from the disability;
- Accommodations and/or auxiliary aids/services that have worked for the student in the past;
- Whether the requested accommodations and/or auxiliary aids/services would allow the student to effectively access and participate in the course/program; and
- Whether the requested accommodations and/or auxiliary aids/services would alter the essential requirements of the course/program.

CCC will provide reasonable accommodations and/or auxiliary aids/services to qualified students with identified physical or mental limitations, although the student is not required to accept some or all accommodations provided. Requests for accommodations and/or auxiliary aids/services are considered on a case-by-case basis, and will vary depending on the individual's circumstances.

Questions regarding ADA/Section 504 accommodations should be directed to:

ADA/Section 504 Coordinator:

Jody Cohen

Senior Vice President of Compliance

Education Futures Group, LLC

(972)733-3431

jcohen@vistacollege.edu

PARKING

There are reserved visitor parking places to be used only by visitors to the school.

- Students must obey all parking ordinances. CCC is not responsible for any damage to any vehicle on the premises or nearby. CCC is also not responsible for any theft from vehicles and strongly recommends that no valuables be left visible in any automobiles parked on the premises or nearby.
- Individuals who park their vehicles in spaces designed for use by handicapped must display an official handicapped parking permit obtained from the city. Vehicles parked in handicapped parking, which do not bear an appropriate permit, will be ticketed by the city police and are subject to being towed at the owner's expense.

TELEPHONE

All cell phones must be set to vibrate/silent mode while in classrooms and labs. Cell phone activity (i.e. texting, social media, browsing, etc.) must take place in the student break room or outside of the building and away from the entrance.

CCC accepts no responsibility for relaying phone messages to students. However, the school will make reasonable effort to contact students in case of an emergency using the Vista Alert System.

GUESTS

Guests must register at the receptionist desk, and may be required to wear a "Guest" nametag.

CHILDREN ON CAMPUS

Any child under the age of 16 on the campus must be supervised by an adult. Children under the age of 16 are not permitted in the labs or classrooms.

FOOD AND BEVERAGE

Food is not allowed in the classrooms or labs. Beverages with secure tops are allowed in the classrooms, but never in the labs.

LOST AND FOUND

Students are responsible for having their belongings in their possession at all times. CCC is not responsible for personal belongings that are lost, damaged, or stolen in the building or parking lot. Labeling possessions with name and phone number is highly recommended. The lost and found is located in the Campus Director's office. Students are responsible for reporting lost items immediately, and for checking to see if lost items have been recovered.

FUNDRAISING AND SOLICITING

Fundraising and soliciting on the grounds of CCC is prohibited; violators will be reported to the Campus Director. In order for a CCC-recognized student organization to raise funds as part of a service project, approval must be obtained from the Campus Director in advance of the event.

EMERGENCY EVACUATION

Each room in the school has a fire evacuation route map posted for easy view by staff and students with the address of the building posted on the map. Twice a year, fire and emergency evacuation drills are conducted at each campus and documentation of the drills are retained in the Campus Director's office. The drills describe the time, date and whether the test was announced or unannounced. All staff are made aware of emergency procedures during onboarding and/or in staff meetings to ensure all safety precautions have been met. Additionally, CCC provides ongoing staff training on emergency procedures and evacuation, workplace safety, and fire prevention.

In the event of a fire or other emergency, all students and staff must evacuate immediately by means of the nearest available exit and gather at a designated meeting point outside the facility. Staff must report to the Campus Director for headcount and students will be accounted for by their instructor and/or program director. No one will be allowed to return to the campus facility until directed to do so by the Campus Director or designee.

No staff are assigned to perform medical or rescue duties during emergency evacuation situations.

SCHOOL CLOSINGS

In the event of any weather condition that could cause hazardous or risky travel conditions, students should use good judgment concerning whether or not to attend class. The Campus Director will communicate any decision to close school due to emergency situations via one or multiple of the following forms of communication: the Vista Alert system (email, text, and voice mail notifications to students, faculty, and staff), TV, radio, updates to the website, phone chain, voice mail, etc. When reasonable, a make-up schedule for classes missed due to emergency closures will be communicated to students.

STUDENT HEALTH - ERGONOMICS

Keyboarding Tips

- Use a light touch when typing
- Keep wrists in a neutral (straight) position
- Make sure elbows are at a slightly open angle – 90 degrees or greater
- Keep shoulders relaxed and elbows at your side
- Use wrist rests or armrests while resting, but not while typing
- Stay centered on the lettered part of the keyboard
- Consider using keyboard shortcuts or macros to repeat common tasks

Computer Monitor

- Keep the monitor one arm's length away from your eyes
- Adjust monitor height so that your head is in a comfortable, relaxed position while working
- Follow the 20/20/20 Rule (20 second break every 20 minutes, look at least 20 feet away)
- Keep a clean screen

Computer Mouse

- Move the mouse with the elbow, not the wrist
- Limit tracking/scrolling device use
- Use keyboard shortcuts
- If surfing the web or editing a long document, consider a mouse with a scroll wheel

- Don't click too hard
- Hold the mouse correctly
- Don't let fingers "hover" above the mouse or trackball
- Use a light grip
- Don't hold the mouse when not in use
- Keep wrists in a straight or "neutral" position
- Try switching hands occasionally

Posture

- Keep open angles (knees at 90-degree angle)
- Keep thighs parallel with the floor
- Don't slouch
- Recline slightly
- Avoid pressure points
- Rest feet flat on the floor
- Periodically get up and move around

STUDENT SERVICES

STUDENT RESOURCES

The student services department is dedicated to assisting students in meeting their educational goals. The following list is some of the student services that are available:

- Tutoring assistance
- Attendance advising
- Academic advising

CCC also provides students with referrals and contact information to multiple resources in the community for assistance with needs such as the following.

- Housing
- Childcare
- Employment
- Transportation
- Mental health
- Alcohol and drug counseling

STUDENT ACTIVITIES

CCC promotes student organizations and community services projects. The administration encourages participation and provides support and guidance in student activities. Activities include participation on campus during events, community service projects and student organizations. Activities also include off-campus community service projects. Community service opportunities are available to increase awareness of the community and develop both leadership and stewardship skills among students.

CAREER SERVICES

Career Services are available for both graduates and active students. Particular attention is given to matching graduates with prospective employers and positions that are compatible with their entry level career goals, qualifications and experience. Information concerning employment assistance may be obtained by contacting the Career Services Department. CCC does not guarantee employment or a starting salary upon graduation, completion or withdrawal from CCC. Career Services staff:

- Strive to meet with every student prior to graduation for an exit interview that includes the development of a customized job search profile, creation of a marketable entry level resume and a mock interview assessment
- Provide resume writing assistance, interview preparation tools and career preparation tutorials
- Provide group and one-on-one advising regarding entry level salary expectations and negotiation techniques including offer letters, preparation for standard performance reviews and applications for internal promotions

- Host events such as job fairs, online application workshops, dress for success, elevator speech practice, and networking workshops
- Share best practices for establishing a professional identity in social media which includes professional networking sites, job boards, and affinity groups with an emphasis on quality content and ethical conduct.
- Maintain an engaged presence in the local community for the purpose of promoting student externship experiences and graduate employment

NATIONAL TECHNICAL HONOR SOCIETY

The National Technical Honor Society is composed of students with a 3.75 G.P.A. or higher and at least a 90% attendance rate. All students who meet and maintain eligibility requirements in academics and attendance and have completed at least 12 credit hours will be admitted to candidacy for election to membership. Continued eligibility is reviewed on a quarterly basis, and will take into consideration academic performance, attendance, service, leadership and character.

STUDENT CODE OF CONDUCT

The CCC Student Code of Conduct (Code) standards promote individual and social responsibility, and set forth the authority of the school to fairly and thoughtfully enforce responsive disciplinary actions. The goal of the Code is to maintain the highest standards of campus safety and promote a positive, professional learning environment for all students, faculty, and staff.

Students are expected to behave professionally, courteously, and in a manner consistent with the CCC Code of Conduct at all times. Students committing misconduct, or inappropriate behaviors, will be subject to disciplinary action that may lead to suspension or dismissal. Suspension is for a relatively short, defined timeframe during which absences from class will be tracked and included in the calculation of percentage absence. A student who is dismissed is dropped from school, and will have to appeal to be considered for re-entry to school. Additionally, every student is subject to federal and state laws, as well as county and city ordinances.

An offense related to a person is committed when a student:

- Intentionally or knowingly, and without authority or consent, limits and/or restricts the freedom of a person to move about in a lawful manner;
- Threatens by any means, intimidates or uses physical or sexual force in a manner that endangers the health or safety of another person, or which reasonably causes another person to be fearful of physical or emotional harm;
- Intentionally harasses another person; or
- Engages in any activity related to other persons that are prohibited by law or court order.

An offense related to property is committed when a student:

- Knowingly and without consent or authorization possesses, removes, uses, misappropriates or sells the property or services of another person or CCC;
- Intentionally or negligently damages or destroys property owned by, or in the possession of, another person or CCC;
- Obtains the property of another person by misrepresentation or deceptive means;
- Enters or uses CCC facilities or property without consent or authorization; or
- Commits a computer-related offense.

An offense related to the operation of CCC is committed when a student:

- Engages in illegal, obscene or indecent conduct on CCC property or at a CCC-sponsored event;
- Forges, alters, possesses, duplicates or uses documents, records, keys or identification without consent or the authorization of appropriate CCC officials;
- Engages in solicitation in or on CCC property, or involving the use of CCC property, unless such solicitation is approved by appropriate CCC officials;
- Intentionally acts to impair, interfere with or obstruct the orderly conduct processes and functions of CCC;
- Violates the Copyright Policy;
- Violates the Internet Access and Usage policy;
- Acts in a manner that bring the name or reputation of CCC into disrepute; or

- Smokes/uses e-cigarettes in the building or within 25 feet of any entrance.

An offense related to welfare, health or safety is committed when a student:

- Uses, possesses, or manufactures firearms, explosives, weapons, unregistered fireworks, illegal chemical or biological agents or other dangerous articles or substances injurious to persons or property;
- Falsely reports a fire, activates emergency warning equipment or communicates false information regarding the existence of explosives or hazardous materials on CCC property;
- Abuses, removes, or damages fire and safety equipment or fails to vacate a building or facility when a fire alarm is activated;
- Fails to leave a building, streets, walks, driveways or other facilities of CCC when directed to do so by a CCC official having just cause to do so;
- Uses, possesses, distributes, sells, or is under the influence of alcohol, narcotics, hallucinogens, dangerous drugs, or controlled substances, except as permitted by law; or
- Charges of, or conviction of, a serious crime such that the College administration determines that the continued presence of the student would constitute a threat or danger to the students, faculty, or staff of CCC; or
- Is charged with, or convicted of, a violation of the CCC Policy on Alcohol and Drugs.

DRESS CODE

Students must practice good personal hygiene habits and maintain a clean, neat, and professional appearance at all times. Students must wear their unaltered, appropriately-sized school-issued shirts/scrubs at all times, and they must be clean and free of wrinkles, stains or tears. For programs not requiring scrubs, pants must be clean, fit properly, and be in good condition. Personal protective equipment (PPE) must be worn in the labs as required.

All students must also wear their ID badges while on campus. Students found in violation of the dress code will be subject to disciplinary action.

ALLOWED	NOT ALLOWED
Uniforms issued by the College	Non College-issued scrubs
Neat and clean	Wrinkled, dirty, torn
Lab jacket issued by the College	Hoodies, sweaters, sweatshirts, other jackets
Plain long sleeve white or black t-shirt under top	Other color t-shirts, short sleeve, embellished, tank top
Pants no longer than the top of the shoe	Extra-long or sagging pants
Black or brown unadorned headband, 1" or narrower	Head coverings such as hats, caps, or bandanas
Closed-toe shoes or tennis shoes (preferably non-cloth)	Sandals or flip-flops
Personal Adornments	
Jewelry – minimal, no dangling earrings, no rings during labs. Earlobe gauges must be in a neutral color,	Large hoop or dangling earrings, spike, bar or extreme pierced cartilage jewelry, necklaces, bracelets.
Jewelry in piercings sufficiently small and unobtrusive so as to not interfere with the student’s ability to function or academically perform.	Jewelry in piercings (oral and dermal) that may impede classroom or lab safety, or the student’s ability to academically perform, must be removed.
Tattoos in the classroom setting.* *Students will be required to follow the externship/clinical site dress code regarding tattoos (this may include having to completely cover all visible tattoos.)	Tattoos that include images or words that may be offensive or vulgar to others (at the discretion of the Campus Director).
Personal Hygiene	
Fingernails – clean, short, smooth, unchipped polish	False/enhanced (length) nails
Hair – natural tones, clean, neatly styled, off the collar and all pulled back from the face. Long hair secured in the back.	Unnatural hair colors, unsecured hair
Beards/mustaches neat and closely trimmed	Other facial hair such as long sideburns
Makeup – minimal, natural-looking	Extreme or dark colors, heavy make-up
Clean, fresh-scented	Offensive body odor, cigarette smells, heavy cologne or after-shave

Additional programmatic dress code requirements may apply. Nursing and Cosmetology students should refer to their program-specific handbooks for dress code requirements.

All Cosmetology students may wear accessories and closed toe shoes in the color of their choice. All student attire must be tasteful in appearance and conducive to the educational and public-facing environment.

INTERNET ACCESS AND USAGE POLICY

The use of CCC internet access equipment is intended for CCC-related business only. Internet communications, transactions, and discussions may be viewed by authorized personnel as determined by CCC. Distribution of confidential information about staff members, customers, and CCC is strictly prohibited.

CCC reserves the right to audit information that is accessed through the internet to ensure that non-business related use of CCC equipment does not impact business needs. Personal use of the internet is limited and supervised.

CCC does not allow chain letters, personal or group communications about causes or opinions, personal mass mailings, or the accessing of material deemed inappropriate or prohibited by local, state, or Federal law. CCC prohibits the access or dissemination of sexually explicit graphics or otherwise offensive or discriminatory material via the Internet.

STUDENT GRIEVANCE PROCEDURE

The CCC grievance procedure is available to any student who believes that a school decision or action has adversely affected his/her status, rights, or privileges. The following process should be followed in order to reasonably and fairly resolve the grievance:

1. Grievances or complaints involving an individual instructor or staff member should first be discussed with the individual involved.
2. If the grievance or complaint has not resolved with the individual instructor or staff member, the student should then bring the concerns to the Director of Education. The Director of Education will investigate the claim and attempt to resolve the issue. Resolution may include a mediated conversation between involved parties.
3. If the grievance or complaint has not resolved with the Director of Education, the student should then bring the concerns to the Campus Director. The Campus Director will investigate the claim and attempt to resolve the issue. Resolution may include a mediated conversation between involved parties. The Campus Director's decision is considered final at the institutional level.

If a student is still not satisfied, the student may escalate the issue to the Corporate Office (see address/phone below). Student grievances will be addressed confidentially, unless maintaining confidentiality would impede the ability to investigate and attempt to resolve the student's concerns. Information will be shared only with those necessary to resolve the concerns. No reprisals of any kind will be taken by any party or by any member of the CCC administration against any party involved.

PROGRAMS OF STUDY - DIPLOMA AND CERTIFICATE

The following programs of study are approved and regulated by the New Mexico Higher Education Department, 2044 Galisteo, Suite 4, Santa Fe, NM 87505, 505-476-8400, fax – 505-476-8433, <http://hed.state.nm.us>. Programs are accredited by the Council on Occupational Education (www.council.org), 7840 Roswell Rd., Bldg. 300, Suite, 325, Atlanta, Georgia 30350, (800) 917-2081.

The Practical Nurse program is regulated by the New Mexico Board of Nursing, 6301 Indian School Road, NE, Suite 710, Albuquerque, NM 87110, (505)841-8340, www.bon@state.nm.us.

The Cosmetology program is regulated by the New Mexico Regulation and Licensing Department, Board of Barbers and Cosmetologists, Toney Anaya Bldg., 2550 Cerrillos Road, Santa Fe, NM, 87505, Phone-505-476-4690, Fax-505-476-4665.

Cosmetology
Dental Assistant
Heating, Ventilation, & Air Conditioning (HVAC)
Information Technology (IT)
Medical Assisting
Medical Insurance Billing & Coding (MIBC)
Practical Nurse

Credit hours for certificate, associate, or diploma programs are converted using the following method:

- One quarter credit is awarded for each 10 clock hours of lecture
- One quarter credit is awarded for each 20 clock hours of laboratory
- One quarter credit is awarded for each 30 clock hours of externship

Effective 2011: To meet regulated clock hour to credit hour conversion requirements enforced by the Department of Education effective July 1, 2011, “out of class work” has been incorporated into courses offered for each program. Please refer to course syllabi for “out of class work” assignment details.

COSMETOLOGY

The Cosmetology certificate program is designed to expose students to the skills necessary for becoming licensed cosmetologists. The program focuses on preparing students for the state licensure exam and professional entry into the salon industry using both theoretical and practical instruction. Students are awarded Certificates of Proficiency upon completion of the program, including acquisition of 1600 hours to satisfy New Mexico state requirements. As specified by the New Mexico Regulation and Licensing Department, the program includes a minimum of 75 hours of theory focused on state laws and regulations, professional image, first aid, chemistry, electricity, job seeking, and ethics; 75 hours of sterilization, sanitation, and bacteriology; 75 hours of shampoo, rinses, and scalp treatments; 200 hours of chemical rearranging-perms and relaxers; 150 hours of hairstyling; 125 hours of hair coloring-bleaching; 200 hours of hair cutting; 175 hours of facials; 175 hours of manicuring/pedicuring; and 50 hours of salon business and retail sales.

The course is divided into pre-clinical classroom instruction and clinical service learning experiences:

Pre-clinical Classroom Instruction: The first 300 hours are devoted to classroom workshops where students cover design principles, technical information, and professional practices.

Clinic Learning Experience: The remaining 1300 hours are spent in the clinic area, providing students with the opportunity for practical experience.

Program Objectives – Students will be trained to:

- Adopt the practical skills, theoretical knowledge and professional attitudes necessary for success in the Cosmetology profession.
- Demonstrate the following skills:
 - Shampooing
 - Hair & scalp treatments
 - Cutting hair

<ul style="list-style-type: none"> • Hair styling • Chemical services (perms, relaxers and color) • All phases of manicuring • Application of make-up • Skin care (within the scope of the license) • Explain the importance of human relationships with the ideas and attitudes of trustworthiness and willingness to cooperate with employers and fellow employees. • Demonstrate self-reliance, self-control, and self-discipline. • Illustrate an appreciation of professionalism in business practices. • Prepare for the New Mexico cosmetology state board exams. 			
Course Number	Course Title	Theory/Lab /Extern Hours	Clock Hours
COS2018NM	Cosmetology Skills Fundamentals	1600	1600
Total Clock Hours: 1600			
Estimated Completion Time: 46 Weeks (day) / 64 weeks (evening)			
<p>This program is approved and regulated by New Mexico Regulation and Licensing Department, Board of Barbers and Cosmetologists, Toney Anaya Bldg., 2550 Cerrillos Road, Santa Fe, NM 87505. Phone 505-476-4690: Fax 505-476-4665.</p> <p>To be employed as a “licensed cosmetologist” in the state of New Mexico, an individual must possess a license issued by the New Mexico Regulation and Licensing Department, Board of Barbers and Cosmetologists.</p>			

DENTAL ASSISTANT

The Dental Assistant program is designed to prepare students to function effectively as integral members of dental health teams. Students are given instruction in performing chair-side assisting procedures, patient care, tray preparation for specific procedures, and maintaining accurate patient and dental charting records. The program includes instruction in rubber dam and matrix band applications, dental material manipulation and applications, patient education, post-operative instructions, coronal polishing, fluoride applications, and infection control procedures. Additionally, job-seeking techniques and interpersonal skills are also addressed. Graduates of the Dental Assistant program may seek employment in dental offices or related businesses. Upon completion of the program, a diploma is awarded.

Program Objectives – Students will be trained to:

- Understand the history, ethics, legalities, duties and responsibilities of the dental health team.
- Perform dental charting.
- Identify, utilize and perform sterilization of dental materials.
- Perform activities with various dental materials such as irreversible hydrocolloid impression materials and dental cements, manipulation of gypsum products, final impressions for crown and bridges, and cosmetic reconstructive procedures.
- Properly use applications and the safe handling procedures according to Occupational Safety and Health Administration (OSHA) compliance and the U.S. Food and Drug Administration for dental amalgam, composites, cements, bases and liners.
- Identifying common oral diseases, dental caries, methods for caries intervention, periodontal disease, preventative dental techniques, nutrition, and oral pathology.
- Perform dental radiology, dental film processing, radiographic techniques, quality control, infection control, and the foundations of extra-oral and intra-oral radiology following proper safety protocol.
- Demonstrate proper telephone etiquette and communication, effective appointment control, dental bookkeeping systems and practices, business writing and techniques for collecting.
- Assist with dental operative procedures, charting, instrumentation, infection control, care and maintenance of equipment and utilization of dental materials.

Potential job titles: Bilingual Dental Assistant, Chairside Assistant, Dental Assistant, Dental Front Desk, Insurance and Billing Coordinator, Lead Dental Assistant, Patient Coordinator, Patient Services Representative.

DA211 – All courses must be completed prior to externship.			

HEATING, VENTILATION, & AIR CONDITIONING (HVAC)

The Heating, Ventilation, and Air Conditioning (HVAC) program is designed to train students in the installation, servicing and maintenance of a wide variety of refrigeration, heating, and air conditioning equipment. A graduate of this program may seek employment with HVAC dealerships, HVAC installation and service vendors, HVAC manufacturing companies, or as maintenance workers. Upon completion of the program, a diploma is awarded.

Program Objectives – Students will be trained to:

- Identify the common tools and work procedures required to work safely and effectively as heating and air-conditioning technicians.
- Describe the basic theory of the refrigeration cycle and explain the basic scientific principles that apply to the refrigeration cycle.
- Identify basic refrigerants used in common commercial applications and outline the accepted procedures for the safe handling and disposal of common refrigerants.
- Describe the basic components present in the heating and cooling systems and outline the standard techniques used to troubleshoot systems and identify faulty components.
- Identify the standard forms and functions of residential heating systems and describe the basic troubleshooting and repair procedures used for each.
- Describe the Occupational Safety and Health Administration's (OSHA) role in the HVAC and construction industry.
- Describe lock out tag out as it pertains to the HVAC industry.
- Define incidents and accidents and the significant costs associated with them.
- Identify the common causes of incidents and accidents and their related consequences.
- Define heat load and identify sources for both heating and cooling in residential/commercial systems.
- Identify and read basic wiring diagrams for all equipment in the HVAC industry.

Potential job titles: A/C General Maintenance Technician, AC Installer, AC Technician, Air Handler Tester, Assembler, Assistant Maintenance Technician, Braze Operator, Commercial Refrigeration Technician, Refrigeration Technician, Field Technician, General HVAC Maintenance, HVAC Laborer, HVAC Assembler, HVAC Sales, HVAC Sheet Metal Installer/Helper.

*Indicates prerequisites exist. Students must complete prerequisite courses prior to entry into this course.
 A valid, state-issued driver's license is required for employment in the field of Heating, Ventilation, & Air Conditioning (HVAC).

INFORMATION TECHNOLOGY (IT)

The Information Technology diploma program is designed to prepare students for entry level employment in the IT field. The program prepares students with the skills and knowledge needed to set-up, maintain, troubleshoot, and repair computers and small computer networks. Graduates will leave the program with the hands-on experience, customer service skills, and eligibility to sit for the CompTIA A+ & Network+ certifications expected by today's employers. Upon completion of this program, a diploma is awarded.

Program Objectives – Students will be trained to:

- Prepare for the CompTIA A+ and CompTIA Network+ certifications.
- Build a personal computer using appropriately identified tools and procedures.
- Demonstrate the traits of professionalism and appropriate communication associated with the profession.
- Identify and appropriately utilize preventive maintenance products, tools, safety procedures, and precautions.
- Recognize and describe the functions of basic components in a structured cabling system.
- Demonstrate an understanding of the purpose and properties of routers and switches.
- Plan and install a network.
- Describe the functions of key members of the transmission control protocol/Internet protocol ("TCP/IP") protocol suite.
- Create configuration management documentation and describe how it simplifies managing and upgrading a network and prevents errors.
- Using appropriate tools to monitor the network to identify performance and connectivity issues.
- Operate Windows Server 2016/R2 in a networked environment.
- Demonstrate fundamental understanding of computer and network security.

Potential job titles: Help Desk Analyst, Customer Support Representative, Technical Support Specialist, Network Installer, Field Service Technician.

*Indicates prerequisites exist. Students must complete prerequisite courses prior to entry into this course.
 INT211 – All courses must be completed prior to externship.

MEDICAL ASSISTING

The Medical Assisting diploma program is designed to provide students with an understanding of the medical office environment and administering to the needs of both patients and doctors. Students will have opportunities to study and learn about administrative, clinical, and laboratory procedures; phlebotomy; EKG procedures; medical terminology; anatomy and physiology; record keeping; insurance billing; and pharmacology. Job-seeking techniques and interpersonal skills are also addressed. Graduates of the Medical Assisting program may seek employment in doctors' offices, hospitals, and related businesses. Upon completion of the program, a diploma is awarded.

Program Objectives – Students will be trained to:

- Perform initial examinations of patients; take vitals; assisting in procedures; administer medication; perform first aid and CPR.
- Discuss and demonstrate professionalism in the healthcare professional role.
- Identify and describe structural organization, function, and common pathology of the human body.

- Apply the use of medical terminology for proper documentation, communication, and patient education.
- Identify and describe the relationship and impact on the human body with medications used for treatment, including desired effects, side effects, and adverse reactions.
- Identify measurement systems, conversions, abbreviations, and symbols utilized in calculating medication dosages and demonstrate basic pharmacology math computations.
- Discuss legal scope of practice including all levels of governmental legislation and regulation, including confidentiality, U.S. Food and Drug Administration, U.S. Drug Enforcement Agency, Occupational Safety and Health Administration (OSHA), Center for Disease Control, and the Health Insurance Portability and Accountability Act (HIPAA).
- Describe and utilize personal protective equipment, material data safety sheets, body mechanics, ergonomics, signs, symbols, labels and proper response to hazardous material disposal and standard safety precautions when performing fundamental procedures of a medical assistant.
- Discuss the importance of safety precautions and appropriate responses with explanation of process to follow if an error is made in patient care.
- Perform front office, back office, and general administrative skills, including procedural and diagnostic coding.
- Provide professional written, verbal and non-verbal communication with patients and other healthcare professionals.
- Maintain medical, legal, and ethical considerations for Patient's Bill of Rights, HIPAA, OSHA, Joint Commission, Clinical Laboratory Improvement Amendments (CLIA) laboratory testing, chain of custody protocols, and emergency response.

Potential job titles: Certified Medical Assistant, Health Care Provider, Medical Assistant, Medical Receptionist, Office Assistant - Medical, Clinic Research Assistant, Clinical Assistant, Clinical Support Coordinator, Front Desk Medical Assistant, Laboratory Assistant, Medical Back Office Clerk, Patient Service Specialist.

MEDICAL INSURANCE BILLING & CODING (MIBC)

The Medical Insurance Billing & Coding diploma program focuses on procedural knowledge of industry practices and close attention to details. The program includes instruction in the basic concepts and procedures necessary to perform the tasks associated with filling out health insurance forms, coding medical practice procedures, and medical terminology. Medical Insurance Billing & Coding (MIBC) professionals perform a variety of administrative health information functions, including those associated with organizing, analyzing, and technically evaluating health insurance claim forms and coding diseases, surgeries, medical procedures, and other therapies for billing. Upon completion of the program, a diploma is awarded.

Program Objectives – Students will be trained to:

- Follow regulatory compliance guidelines for patient information; prevention of fraud and abuse; and adherence to federal laws such as Health Insurance Portability and Accountability Act (HIPAA), Stark Law, Fair Debt Collection Act, and False Claims Act.
- Manage all aspects of the medical billing process, including; insurance verification, procedural and diagnostic coding, charge entry, claims submission, payment posting, claim denial management; and reporting.
- Complete front office duties related to patient scheduling.
- Perform proper form preparation and charting.
- Conduct office logistics procedures; medical record retention and management; electronic health records and practice management software; financial management procedures; and maintain office equipment and supplies.
- Perform general office operations; opening and closing the medical office; greeting patients; proper telephone etiquette;

and clear and accurate correspondence.

- Carry out patient education as it relates to patient's insurance responsibilities; Patient's Bill of Rights; patient consent; and pre-operation or post-operation instructions.

Potential job titles: Medical Insurance Billing & Coding Clerk, Medical Front Office Clerk, Medical Receptionist, Medical Claims Processor, Insurance Coordinator, Medical Records Clerk, Eligibility Clerk, Billing Clerk, and Patient Service Specialist.

MBC2299 – All courses must be completed prior to externship.

PRACTICAL NURSE

The Practical Nurse diploma program is designed to prepare individuals with the skills necessary to administer quality-nursing care to individuals, families, and communities. Graduates of this program are eligible to take the National Council Licensure Examination for Practical Nurses (NCLEX-PN®) and may seek employment in healthcare settings such as hospitals, clinics, and long-term care facilities as Practical Nurses. Upon completion of the program, a diploma is awarded.

Program Objectives – Students will be trained to:

- Provide safe and appropriate care of individuals requiring assistance with well-defined health problems, and meet basic human needs under the direction of a registered nurse or physician.
- Utilize the nursing process in planning, administering, and evaluating patient care.
- Use effective written and verbal communication skills with patients and health care team members.
- Recognize and practice within the scope of the role and function of the Licensed Practical Nurse in the health care delivery system.
- Assume responsibility for personal professional growth through continuing education.
- Practice within the legal/ethical parameters of their profession.
- Demonstrate proficiency of the differentiated essential competencies mandated by the Boards of Nursing.

Potential job titles: Licensed Practical Nurse, Graduate Practical Nurse.

To be employed as a licensed Practical Nurse in the state of New Mexico, an individual must possess a license issued by New Mexico Board of Nursing.			
*The Practical Nurse program is regulated by the New Mexico Board of Nursing, 6301 Indian School Road, NE, Suite 710, Albuquerque, NM 87110; (505) 641-8340; www.bon@state.nm.us . and the New Mexico Higher Education Department, Private Post-Secondary Schools, 2044 Galisteo Street, Suite 4, Santa Fe, NM 87505-2100; (505) 476-8400; www.hed.state.nm.us .			

PROGRAMS IN TEACH-OUT - DIPLOMA

COSMETOLOGY (Teach-out effective January 1, 2018)

The Cosmetology certificate program is designed to expose students to the skills necessary for becoming licensed cosmetologists. The program focuses on preparing students for the state licensure exam and professional entry into the salon industry using both theoretical and practical instruction. Students are awarded Certificates of Proficiency upon completion of the program, including acquisition of 1600 hours to satisfy New Mexico state requirements. As specified by the New Mexico Regulation and Licensing Department, the program includes a minimum of 75 hours of theory focused on state laws and regulations, professional image, first aid, chemistry, electricity, job seeking, and ethics; 75 hours of sterilization, sanitation, and bacteriology; 75 hours of shampoo, rinses, and scalp treatments; 200 hours of chemical rearranging-perms and relaxers; 150 hours of hairstyling; 125 hours of hair coloring-bleaching; 200 hours of hair cutting; 175 hours of facials; 175 hours of manicuring/pedicuring; and 50 hours of salon business and retail sales.

The course is divided into pre-clinical classroom instruction and clinical service learning experiences:

Pre-clinical Classroom Instruction: The first 300 hours are devoted to classroom workshops where students cover design principles, technical information, and professional practices.

Clinic Learning Experience: The remaining 1300 hours are spent in the clinic area, providing students with the opportunity for practical experience.

Program Objectives – Students will be trained to:

- Adopt the practical skills, theoretical knowledge and professional attitudes necessary for success in the Cosmetology profession.
- Demonstrate the following skills:
 - Shampooing
 - Hair & scalp treatments
 - Cutting hair
 - Hair styling,
 - Chemical services (perms, relaxers and color)
 - All phases of manicuring
 - Application of make-up
 - Skin care (within the scope of the license).
- Explain the importance of human relationships with the ideas and attitudes of trustworthiness and willingness to cooperate with employers and fellow employees.
- Demonstrate self-reliance, self-control, and self-discipline.
- Illustrate an appreciation of professionalism in business practices.
- Prepare for the New Mexico cosmetology state board exams.

PROGRAMS OF STUDY – ASSOCIATE OF APPLIED SCIENCE DEGREE

The following programs of study are approved and regulated by the New Mexico Higher Education Department, 2048 Galisteo, Santa Fe, NM 87505, 505-476-8400, fax – 505-476-8433, <http://hed.state.nm.us>. Programs are accredited by the Council on Occupational Education (www.council.org), 7840 Roswell Rd., Bldg. 300, Ste. 325, Atlanta, Georgia 30350, 1-800-917-2081.

Associate of Applied Science in Business Administration

Credit hours for certificate, associate, or diploma programs are converted using the following method:

- One quarter credit is awarded for each 10 clock hours of lecture
- One quarter credit is awarded for each 20 clock hours of laboratory
- One quarter credit is awarded for each 30 clock hours of externship

Effective 2011: To meet regulated clock hour to credit hour conversion requirements enforced by the Department of Education effective July 1, 2011, “out of class work” has been incorporated into courses offered for each program. Please refer to course syllabi for “out of class work” assignment details.

ASSOCIATE OF APPLIED SCIENCE IN BUSINESS ADMINISTRATION

The Associate of Applied Science in Business Administration program provides students an opportunity to build on the knowledge, skills, competencies, and training from the diploma program, and to gain further experience in automated systems used in the business environment, work with human resources concepts, and explore entrepreneurship. Graduates may seek employment in offices, government agencies, or other business-related environments, such as retail and hospitality settings. Upon completion of the program, an Associate of Applied Science is awarded.

Program Objectives – Students will be trained to:

- Effectively utilize concepts, terminology, principles, theories, and issues that relate to the field of business.
- Integrate behavioral and system approaches into the traditional analysis of business.
- Demonstrate the ability to communicate effectively.
- Perform basic accounting equations, debits and credits, and analyzing transactions using T-accounts, recording and posting transactions adjustments, closing entries, and post-closing trial balances.
- Prepare financial statements, including Income Statements, Statements of Owners Equity, and Balance Sheets.
- Identify the various types of laws, such as Constitutional law, statutes, torts, criminal laws, and contract laws.
- Demonstrate an understanding of the role of law in business and society, including government regulations, consumer protection, environmental laws, worker health and safety, and employment discrimination.
- Review and identify business trends and events that will change the future business world.
- Use information systems to solve problems and make better business decisions.
- Utilize accounting software to record financial transactions, generate and analyze accounting reports, and produce financial statements.
- Demonstrate advanced accounting concepts.
- Perform financial accounting.
- Demonstrate an understanding of supply chain, communication, and inventory management.
- Forecast the financial activity within a company.
- Demonstrate understanding of issues and regulations related to the field of Human Resources.
- Interpret mathematical models and employ strategies to find solutions to problems.
- Communicate through well-supported oral and written arguments.

Potential job titles: Account Representative, Team Lead, Manager-in-Training, Assistant Manager, Bookkeeper, Front Office, Office Associate, or the student may choose to start a business.

PROGRAMS IN TEACH-OUT – ASSOCIATE DEGREE

ASSOCIATE OF APPLIED SCIENCE IN BUSINESS ADMINISTRATION

(Teach-out effective July 2, 2019)

The Associate of Applied Science in Business Administration program provides students an opportunity to acquire knowledge, skills, competencies, and training for careers as entry-level managers. Students learn the functions of management, planning, organizing, leading, and controlling. Also, students become familiar with different types of management styles, human resource management, and production and operations management. Graduates may seek entry-level employment in offices, government agencies, and business-related environments such as retail and hospitality settings. Upon completion of the program, an Associate of Applied Science degree is awarded.

Program Objectives – Students will be trained to:

- Effectively utilize concepts, terminology, principles, theories, and issues that relate to the field of business.
- Integrate behavioral and system approaches into the traditional analysis of business.
- Demonstrate the ability to communicate effectively.
- Perform basic accounting equations, debits and credits, and analyzing transactions using T-accounts, recording and posting transactions adjustments, closing entries, and post-closing trial balances.
- Prepare financial statements, including Income Statements, Statements of Owners Equity, and Balance Sheets.
- Identify the various types of laws, such as Constitutional law, statutes, torts, criminal laws, and contract laws.
- Demonstrate an understanding of the role of law in business and society, including government regulations, consumer protection, environmental laws, worker health and safety, and employment discrimination.
- Review and identify business trends and events that will change the future business world.
- Use information systems to solve problems and make better business decisions.
- Utilize accounting software to record financial transactions, generate and analyze accounting reports, and produce financial statements.
- Demonstrate advanced accounting concepts.
- Perform financial accounting.
- Demonstrate an understanding of supply chain, communication, and inventory management.
- Forecast the financial activity within a company.
- Demonstrate understanding of issues and regulations that relate to the field of Human Resources.
- Interpret mathematical models and employ strategies to find solutions to problems.
- Communicate through well-supported oral and written arguments.

Potential job titles: Account Representative, Team Lead, Manager-In-Training, Assistant Manager, Bookkeeper, Front Office, Office Associate, Quality Analyst.

COURSE DESCRIPTIONS

AHP100 MEDICAL TERMINOLOGY

CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.5

PREREQUISITES: NONE

This course introduces students to the medical terminology, symbols, and application of the language of the medical and healthcare fields. Terms are covered as they relate to body structure, function, and disease, with the main focus being placed on the medical vocabulary and construction of terms using word roots, prefixes, and suffixes.

AHP101 ANATOMY & PHYSIOLOGY

CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.5

PREREQUISITES: NONE

Upon completion of the course students will have acquired an overview of the anatomical structures and physiology of the human body. Each body system is discussed in terms of major anatomical structures and functions including how each system participates in homeostasis of the body. In addition, the course covers selected major pathologies, diagnostic procedures, and treatment methods.

BUS100 BUSINESS FUNDAMENTALS

CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.5

PREREQUISITES: NONE

This course explores fundamental processes of global business. Topics include: risk and profit in the business environment; economics, ethics, and social responsibility; organizational structure, management, and leadership; human resources; marketing; and managing financial resources.

BUS101 COMPUTER APPLICATIONS

CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.5

PREREQUISITES: NONE

This course focuses on Microsoft® Office applications and how they are used in business. Topics include: business documents, tables, graphics, and templates; spreadsheets, worksheets, and data; using formulas and functions; charts and tables; databases and tables; data relationships and queries; creating, editing, and delivering presentations.

BUS102 BUSINESS COMMUNICATIONS

CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.5

PREREQUISITES: NONE

This course is the study of communications in a business environment. Topics include: establishing credibility; interpersonal and team communication; difficult conversations and communicating across cultures; effectiveness and readability; communication tools and social media; types of business messages; and reports and presentations.

BUS103 CUSTOMER SERVICE

CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.5

PREREQUISITES: NONE

This course explores skills, behavior, and culture of customer service. Topics include: Verbal and nonverbal communication skills, listening, service breakdowns and recovery, maintaining relationships, and retaining customers.

BUS104 MANAGEMENT

CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.5

PREREQUISITES: BUS100, BUS101, BUS102, BUS103

This course introduces management principles in an organizational environment. Topics include: the evolution of management; culture, ethics, and corporate responsibility; planning and decision making; human resources, diversity, and inclusion; leadership, motivation, communication, and teamwork; and innovation and change.

BUS105 MARKETING**CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: BUS100, BUS101, BUS102, BUS103**

This course is an overview of marketing in business. Topics include: marketing strategies and plans; social and mobile marketing; analyzing the marketplace; consumer, business-to-business, and global marketing; products, branding, packaging, and services; establishing value; supply chain management; retail and multichannel marketing; marketing communications, advertising, promotion, public relations, and sales.

BUS106 BUSINESS LAW**CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: BUS100, BUS101, BUS102, BUS103**

This course examines the legal environment in business, focusing on legal and ethical issues. Topics include: administrative law; constitutional law; criminal law and business; tort law; real, personal, and intellectual property; contract law; domestic and international sales law; negotiable instruments and banking; agency; business organizations; and government regulation.

BUS107 ACCOUNTING**CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: BUS100, BUS101, BUS102, BUS103**

This course involves accounting principles and introduces topics such as: business transactions and T accounts; general journal and general ledger; closing entries and trial balance; accounts receivable and accounts payable; cash and banking procedures; payroll; accruals and deferrals; and financial statements.

BUS208 BUSINESS COMPUTER INFORMATION SYSTEMS**CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: BUS100, BUS101, BUS102, BUS103, BUS104, BUS105, BUS106, BUS107**

This course is the study of business computer information system. Topics include: how organizations use information; databases; networking; business information systems; information systems management; information security; enterprise resource planning; business intelligence; and common business computer hardware, operating systems, and application software.

BUS209 HUMAN RESOURCES**CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: BUS100, BUS101, BUS102, BUS103, BUS104, BUS105, BUS106, BUS107**

This course focuses on the various aspects of human resources. Topics include: environmental forces, importance of human resources, roles and responsibilities, economic recovery, availability of new technologies, laws, human resources plan, selection and screening process, training systems, development of employees, assessing and improving performance, rewarding and compensating, collective bargaining, labor relations, and human resources on a global basis.

BUS210 ADVANCED AND COMPUTERIZED ACCOUNTING**CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: BUS100, BUS101, BUS102, BUS103, BUS104, BUS105, BUS106, BUS107**

This course examines advanced topics in accounting. It begins with a look at accounting principles and reporting standards, then explores accounting for accounts receivable and uncollectible accounts; notes payable and receivable; merchandise inventory; and property, plant, and equipment. Other topics include accounting for partnerships and corporations; financial statement analysis; systems of cost accounting; and cost-revenue analysis. The course also provides an overview of the functionality of integrated accounting software systems (specifically, QuickBooks Online), including step-by-step entry guidelines for financial transactions, generation and analysis of accounting reports, and production of financial statements.

BUS211 SMALL BUSINESS MANAGEMENT AND ENTREPRENEURSHIP**CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: BUS100, BUS101, BUS102, BUS103, BUS104, BUS105, BUS106, BUS107**

This course takes a practical approach to small business and entrepreneurship. Topics include conceiving, planning, organizing, and

managing a small business.

CFT100 BASIC CRAFT SKILLS

CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)

TOTAL QUARTER CREDITS: 6.5

PREREQUISITES: NONE

This course introduces students to basic craft skills including the proper use of hand tools, power tools, and rigging. Students will receive instruction on handling techniques for hazardous and non-hazardous construction materials, basic skills in drawing and reading blue prints, and working in confined spaces. In addition, students review basic mathematical functions, communication, and job readiness skills.

COS2018NM Cosmetology Skills Fundamentals

CONTACT HOURS: THEORY – 300 LAB – 1300 (1600 HOURS)

TOTAL CLOCK HOURS 1600 Hours

PREREQUISITES: None

The course prepares students for the state licensure exam and professional entry into the salon industry using both theoretical and practical instruction. The course includes extensive instruction and practical experience in hair cutting, coloring and perming, customer service, personal appearance and hygiene, personal motivation and development, retail skills, client record keeping, business ethics, sanitation, state laws and regulations, salon-type administration, and job interviewing. The course is divided into pre-clinical classroom instruction and clinical service learning experiences.

DA100 INTRODUCTION TO DENTISTRY

CONTACT HOURS: THEORY - 60 LAB - 30 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 7.5

PREREQUISITES: NONE

Students are instructed in the history, ethics, legalities, duties and responsibilities of the dental health team; knowledge of professional organizations; and proper conduct and grooming of the dental assistant. Additionally, students will be exposed to the basic theories of psychology which enable the dental assistant to gain a better understanding of the dental patient and dental health staff.

DA101 DENTAL SCIENCES

CONTACT HOURS: THEORY - 90 LAB - 0 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 9.0

PREREQUISITES: NONE

Students receive instruction in general anatomy and physiology principles of all body systems. The anatomy of the head and neck, as well as the face and oral cavity will be covered in depth. Oral embryology and histology as well as the formation of teeth are discussed. Methods of dental charting and common oral diseases will be covered.

DA102 PRACTICAL INFECTION CONTROL

CONTACT HOURS: THEORY - 30 LAB - 60 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.0

PREREQUISITES: NONE

Students will be instructed in the basic concepts of microbiology and the relevance of sterilization. OSHA Regulations (including the hazard communication standard and how compliance is accomplished) will also be emphasized.

DA103 DENTAL MATERIALS

CONTACT HOURS: THEORY - 30 LAB - 60 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.0

PREREQUISITES: NONE

Students will be instructed in the fundamentals and properties of various dental materials such as irreversible hydrocolloid impression materials and dental cements, and manipulation of gypsum products, discuss final impressions for crown and bridge along with other cosmetic reconstructive procedures. The student will be exposed to the proper uses, applications and the safe handling procedures according to OSHA compliance and the FDA for dental amalgam, and composites, cements, bases and liners.

DA104 PREVENTIVE DENTISTRY

CONTACT HOURS: THEORY- 30 LAB - 60 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.0

PREREQUISITES: DA100, DA101, DA102, DA103

Students will be instructed in Philosophy of Preventive Dentistry. The course provides students with the knowledge necessary to understand the importance of oral health, identifying dental caries, methods for caries intervention, identifying periodontal disease, preventative dental techniques, nutrition, and oral pathology.

DA105 DENTAL RADIOGRAPHY

CONTACT HOURS: THEORY - 30 LAB - 60 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.0

PREREQUISITES: DA100, DA101, DA102, DA103

Students will be instructed in dental radiology, radiographic equipment and safety protocol, dental film processing, radiographic techniques, legal issues, quality control, infection control, and the foundations of extra-oral and intra-oral radiology.

DA106 DENTAL OFFICE MANAGEMENT

CONTACT HOURS: THEORY - 30 LAB - 60 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.0

PREREQUISITES: DA100, DA101, DA102, DA103

Students will be instructed in telephone etiquette and communication, guidelines for better interpersonal relations, methods for effective appointment control, dental bookkeeping systems and practices, business writing and techniques for collecting.

DA107 DENTAL PROCEDURES

CONTACT HOURS: THEORY - 0 LAB - 90 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 4.5

PREREQUISITES: DA100, DA101, DA102, DA103, DA105

This course is an introduction to dental operative procedures, charting, instrumentation, infection control, care and maintenance of equipment and utilization of dental materials. The student will become familiar with the function and use of various instruments and accessories used in the dental office.

DA211 DENTAL ASSISTANT EXTERNSHIP

CONTACT HOURS: THEORY - 0 LAB - 0 EXTERNSHIP (180 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.0

PREREQUISITES: DA104, DA105, DA106, DA107

Students learn from hands-on dental assisting experiences in clinical, laboratory, and administrative duties. The externship is completed in a dental office, under the direct supervision of a licensed dentist. The externship program has been designed to provide the student with supervised practical work experience. Externship is for students who have completed classroom training and is a requirement for graduation. Externship hours vary and may be scheduled from 20 to 40 hours per week.

GE201 INTRODUCTION TO COLLEGE MATHEMATICS

CONTACT HOURS: THEORY- 90 LAB - 0 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 9.0

PREREQUISITES: NONE

Introduction to College Mathematics covers basic math topics such as solving for whole numbers and equations, understanding proper and improper fractions, converting decimals and figuring percentages. Other topics covered include calculating simple interest, annuities, loan amortization, checkbook reconciliation, and business statistical problems such as mean, median and mode.

GE202 INTRODUCTION TO COMPUTER SCIENCE

CONTACT HOURS: THEORY- 45 LAB - 0 (45 HOURS)

TOTAL QUARTER CREDIT HOURS: 4.5

PREREQUISITES: NONE

This course introduces various information and communications technologies and explains how information systems are used to solve problems.

GE203 INTRODUCTION TO PSYCHOLOGY

CONTACT HOURS: THEORY- 45 LAB - 0 (45 HOURS)

TOTAL QUARTER CREDIT HOURS: 4.5

PREREQUISITES: NONE

This course includes the study of the theories and concepts of psychology including the scope of psychology, biological foundations and the brain, sensation, perception, motivation, personality, learning/memory, emotion, states of consciousness, personality theories, cognition, life-span development, and applied psychology.

GE206 ENGLISH COMPOSITION I**CONTACT HOURS: THEORY- 45 LAB - 0 (45 HOURS)****TOTAL QUARTER CREDIT HOURS: 4.5****PREREQUISITES: NONE**

This course develops written communication skills with an emphasis on understanding the writing process, analyzing readings, and practicing writing for personal and professional applications.

GE207 ENGLISH COMPOSITION II**CONTACT HOURS: THEORY- 45 LAB - 0 (45 HOURS)****TOTAL QUARTER CREDIT HOURS: 4.5****PREREQUISITES: GE206**

This course builds on lessons learned in English Composition I. In addition to reviewing the writing process, students are introduced to research techniques, citation techniques, documentation formats and critical analysis of written topics.

GE232 SURVEY OF THE SCIENCES**CONTACT HOURS: THEORY - 45 LAB - 0 (45 HOURS)****TOTAL QUARTER CREDIT HOURS: 4.5****PREREQUISITES: NONE**

The methods of rational inquiry and problem solving for the sciences are covered within this course. Students will explore and analyze selected topics from physics, chemistry, biology, astronomy and earth science.

HVA101 INTRODUCTION TO HVAC**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: CFT100**

Students will be instructed in the fundamental theories, knowledge and skills pertaining to the HVAC trade.

HVA102 PRINCIPLES OF ELECTRICITY**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: CFT100**

Students will be introduced to the concept of power generation and distribution, common electrical components, AC and DC circuits, and reading and interpreting wiring diagrams.

HVA103 BRAZING, SOLDERING and PIPING**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: CFT100**

Students will be introduced to types and sizes of tubing, the purposes of tubing and piping, tubing insulation, cutting tubing, bending tubing, heat sources for soldering and brazing, brazing techniques, soldering techniques, make flare joints, swaging techniques, general safety practices and tools and equipment.

HVA104 DUCT SYSTEMS**CONTACT HOURS: THEORY- 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: CFT100**

Students will be introduced to plenum systems, duct system standards, duct materials, galvanized-steel duct, fiberglass duct, combination duct systems and air distribution and balance. An introduction to zoning will also be covered.

HVA105 AIR CONDITIONING**CONTACT HOURS: THEORY- 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: CFT100, HVA101, HVA102, HVA103, HVA104**

Students will be introduced to refrigeration systems applied to air conditioning, air distribution and balance, installation, controls, typical operating conditions, and troubleshooting. Additional topics include compressors, refrigerant and oils, leak detection, evacuation, recovery, and charging.

HVA106 HEATING**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: CFT100, HVA101, HVA102, HVA103, HVA104**

Students will be introduced to gas-fired forced-hot-air furnaces, other types of furnaces, multi-purposes of multi-positional gas fuels, manifold pressures, oil heat, oil-fired forced-warm air furnaces, hydronic heat, indoor air quality, electric heat, and troubleshooting.

HVA107 COMMERCIAL HVAC**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: CFT100, HVA101-HVA104**

Students will be introduced to high-pressure, low-pressure, and absorption chilled-water systems; cooling towers and pumps and operation; maintenance; and troubleshooting of chilled- water air-conditioning systems.

HVA108 COMMERCIAL REFRIGERATION**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: CFT100, HVA101-HVA104**

Students will be introduced to the evaporator and the refrigeration system, condensers, compressors, expansion devices, special refrigeration system components, application of refrigeration systems, commercial ice machines and troubleshooting, and typical operating conditions for commercial refrigeration.

HVA201 SUPERVISORY SKILLS AND CREW LEADERSHIP**CONTACT HOURS: THEORY- 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: CFT100, HVA101-HVA104**

This course introduces students to human resource criteria, concepts, and skills for craftspeople in leadership roles. Topics include leadership styles, communication, delegating, problem solving, job-site safety, project planning, scheduling, and estimating. Students will also study green topics as they relate to HVAC.

INT100 COMPUTER HARDWARE ESSENTIALS**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: NONE**

In Computer Hardware Essentials, the student will study to develop a working knowledge of the parts of a computer utilizing a hands-on approach to the material. The course covers computer components, installation, configurations, maintenance and troubleshooting of computer hardware, peripherals, and laptops. Computer safety and cabling will also be discussed. Students will have the opportunity to build their own personal computer. Upon the completion of INT100 and INT101, students will be eligible to sit for CompTIA A+ certification.

INT101 COMPUTER SOFTWARE ESSENTIALS**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: INT100**

In Computer Software Essentials, the student will be exposed to the fundamental concepts and gain the hands-on, real world experience necessary to support software, operating systems, basic security, and virtual aspects of computer maintenance and repair. The student will practice the application of proper troubleshooting theory and procedure. Upon the completion of INT101 and INT100, students will be eligible to sit for the CompTIA A+ certification.

INT102 WINDOWS FUNDAMENTALS**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: INT100**

In Windows Fundamentals, the student will be instructed in the key features of Windows operating systems. The goal is for each student to develop a working knowledge of management of a Windows OS, and its file systems, directories, and interfaces. Troubleshooting, customization, deployment, monitoring, and task management will also be covered.

INT103 INTRODUCTION TO NETWORKING**CONTACT HOURS: THEORY- 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: INT100**

Introduction to Networking is based on the CompTIA, Network+ and portions of the Cisco Certified Network Administrator (CCNA) certification exams. The course provides an introduction to networking and the Internet using tools and hardware commonly found in home and small business environments. The goal is to teach fundamental concepts and provide the hands-on, real world experience necessary to help the student understand and support basic network infrastructure and devices. Additionally, the course covers the physical aspects of installing network system components and cabling. Upon the completion of INT103 AND INT105, the student will be eligible to sit for the CompTIA A+ and Network+ certifications.

INT104 NETWORK SECURITY FUNDAMENTALS**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: INT100, INT101, INT102, INT103**

In Network Security Fundamentals, the student will be given an opportunity to learn about security components, protocols, common vulnerabilities, and defenses, as well as topics of increasing importance in the industry as a whole. Data and host security, as well as wireless security and virtualization, will be covered. This course allows the student to plan, administer, and evaluate workstation and network security as a part of the course.

INT105 NETWORK ANALYSIS AND DESIGN**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 9.0****PREREQUISITES: INT100, INT101, INT102, INT103**

Network Analysis and Design expands upon the concepts presented in INT103 by delving into more advanced networking topics including routing and remote access, addressing, and security. Network monitoring and troubleshooting are taught in context. This course explores the skills necessary to support a small to medium sized business or ISP. By the end of the course, the student will be able to sit for the CompTIA A+ and Network+ certification exams. Elements of this course map to portions of the Cisco Certified Network Administrator (CCNA) certification.

INT106 SERVER ADMINISTRATION**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: INT100, INT101, INT102, INT103**

In the Server Administration course, the student will practice configuring, managing, and troubleshooting networking features and services in a Windows Server environment. The goal of the course is for the student to gain knowledge of server networking, domain name systems, Active Directory, and other services associated with Windows server network infrastructure. By the end of the course, the student should be able to complete a server virtualization setup.

INT211 INFORMATION TECHNOLOGY EXTERNSHIP**CONTACT HOURS: THEORY - 5 LAB - 0 EXTERNSHIP - 180 (185 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: INT100, INT101, INT102, INT103, INT104, INT105, INT106**

The Externship will be a culminating activity that provides a way for the student to demonstrate the working knowledge and skills acquired during their academic experience with Computer Career Center, a Division of Vista College, along with the research, communication and technology skills relevant to today's work environment. Students nearing the end of their program will complete a reflective portfolio, a resume that integrates and demonstrates what they have learned, and 180 hours of externship.

MAS100 INTRODUCTION TO MEDICAL ASSISTING**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: NONE**

This prerequisite course orients students to the fundamental clinical and administrative procedures of a Medical Assistant. Foundational recall and introductory application of common skills performed by medical assistants will be introduced.

MAS201 CARDIOPULMONARY PROCEDURES**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5**

PREREQUISITES: AHP100, AHP101, MAS100

This course applies the fundamental clinical, laboratory, and administrative skills of a medical assistant in conjunction with the commonly performed patient care practices found in cardiology, pulmonary, phlebotomy, and hematology specialties. Topics include pharmacology, dosage calculations, medical administration, communication, patient care, medical records documentation, safety, and professionalism. Both administrative and clinical skills according to national competencies as they relate are included.

MAS202 BODY CONTROL AND BALANCE PROCEDURES**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: AHP100, AHP101, MAS100**

This course applies the fundamental clinical, laboratory, and administrative skills of a medical assistant in conjunction with the commonly performed patient care practices found in cardiology, pulmonary, phlebotomy, and hematology specialties. Topics include pharmacology, dosage calculations, medical administration, communication, patient care, medical records documentation, safety, and professionalism. Both administrative and clinical skills according to national competencies as they relate are included.

MAS203 NUTRITION AND WELLNESS PROCEDURES**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: AHP100, AHP101, MAS100**

This course applies the fundamental clinical, laboratory, and administrative skills of a medical assistant in conjunction with the commonly performed patient care practices found in gastroenterology, urology, urinalysis, nutrition and wellness, and dermatology specialties. Topics include pharmacology, dosage calculations, medical administration, communication, patient care, medical records documentation, safety, and professionalism. Both administrative and clinical skills according to national competencies as they relate are included.

MAS204 HUMAN LIFE CYCLE PROCEDURES**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: AHP100, AHP101, MAS100**

This course applies the fundamental clinical, laboratory, and administrative skills of a medical assistant in conjunction with the commonly performed patient care practices found in obstetrics & gynecology, pediatrics, geriatrics, and orthopedics specialties. Topics include pharmacology, dosage calculations, medical administration, communication, patient care, medical records documentation, safety, and professionalism. Both administrative and clinical skills according to national competencies as they relate are included.

MAS300 MEDICAL ASSISTING CAPSTONE**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: AHP100, AHP101, MAS100, MAS201, MAS202, MAS203, MAS204**

Students prepare for entering the professional workforce by demonstration of competencies related to administrative and clinical skills through application, analysis, and evaluation of procedures used in a variety of healthcare settings.

MAS350 MEDICAL ASSISTING EXTERNSHIP**CONTACT HOURS: THEORY - 10 LAB - 0 EXTERNSHIP 170 (180 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: AHP100, AHP101, MAS100, MAS201, MAS202, MAS203, MAS204, MAS300**

This course is designed to provide the student with hands-on experience in the field working as an extern in a healthcare facility. Professionalism in dress, behavior, and attitude are presented throughout the program.

MBC1140 MEDICAL INSURANCE**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOUR: 6.5****PREREQUISITES: NONE**

The course introduces students to the role of an insurance billing specialist and the common types of insurance coverage found in the United States. Taking on the basics of health insurance documentation, claims, and payment postings found in most outpatient settings. The course reviews the most commonly encountered third party billing options, including: Blue Plans, private insurance and managed care plans, Medicare, Medicaid and state programs, TRICARE and Veteran's Healthcare, Worker's Compensation, and Disability Income Insurance and Benefit Programs. Students have hands-on experience processing and auditing simulated medical

insurance claims.

MBC1150 MANAGING MEDICAL OFFICE PROCEDURES

CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)

TOTAL QUARTER CREDIT HOUR: 6.5

PREREQUISITES: NONE

This course takes students through the basics of managing front office procedures, written communication in the medical office, fraud, abuse, and compliance, as well as other legal and ethical aspects, standard safety, and health management in the medical office. Students simulate the medical office procedures through completion of daily tasks.

MBC1160 PRACTICE MANAGEMENT and ELECTRONIC HEALTH RECORDS

CONTACT HOURS: THEORY – 40 LAB – 50 (90 HOURS)

TOTAL QUARTER CREDIT HOUR: 6.5

PREREQUISITES: AHP100, AHP101

The course takes students through the basics of managing medical records, common medical office practices of the back office billing, coding, and collections, healthcare technology requirements and applications, and the processing of medical office reports. Students simulate the medical office procedures through completion of common tasks used in practice management and electronic health record software.

MBC1170 DIAGNOSTIC CODING

CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)

TOTAL QUARTER CREDIT HOUR: 6.5

PREREQUISITES: AHP100, AHP101

The course provides students with an overview of diagnostic coding and reporting guidelines as outlined by the Centers for Medicare and Medicaid Services, the National Center for Health Statistics, and the Department of Health and Human Services using the International Classification of Diseases. Students learn how to use the diagnostic coding manual and apply knowledge of chapter specific guidelines for encounters in multiple settings, including, hospital admission. Students have hands-on application in coding manuals and electronic coding software.

MBC1180 PROCEDURAL CODING

CONTACT HOURS: THEORY – 45 LAB – 45 (90 HOURS)

TOTAL QUARTER CREDIT HOUR: 6.5

PREREQUISITES: AHP100, AHP101

The course provides students with an overview of physician coding and reporting guidelines using the Current Procedural Terminology manual and the Healthcare Common Procedural Coding System manual. The course covers an in-depth explanation of the sections found in the manuals, and then following a body system approach to allow students to practice procedural coding. Emphasis is placed on correctly coding Evaluation & Management, modifiers, and surgical procedures. Students have hands-on application in CPT and HCPCS coding manuals and electronic coding software.

MBC2290 MEDICAL INSURANCE BILLING AND CODING CAPSTONE

CONTACT HOURS: THEORY – 40 LAB – 50 (90 HOURS)

TOTAL QUARTER CREDIT HOUR: 6.5

PREREQUISITES: AHP100, AHP101, MBC1140, MBC1150, MBC1160, MBC1170, MBC1180

This course presents the student with the opportunity to gain experience from an online internship for medical coding. The virtual multi-specialty medical clinic simulates the work experience each student needs to be successful in the field and assists the student in creating a customized portfolio for sharing with prospective employers. Students also prepare for the National Health Career Association, Certified Biller Coder Specialist exam.

MBC2299 MEDICAL BILLING AND CODING EXTERNSHIP

CONTACT HOURS: THEORY – 10 LAB – 0 EXTERNSHIP - 170 (180 HOURS)

TOTAL QUARTER CREDIT HOUR: 6.5

PREREQUISITES: AHP100, AHP101, BUS101, MBC1140, MBC1150, MBC1160, MBC1170, MBC1180, MBC2290

Students learn from hands-on experience in medical administrative duties. Students are required to complete 180 hours of supervised training in the administrative aspects of a physician's office, clinic, insurance office, or hospital setting. This course gives students the ability to obtain work experience and become familiar with aspects and duties of a medical insurance billing and coding representative.

PNI20 INTRODUCTION TO PRACTICAL NURSING**CONTACT HOURS: THEORY - 45 LAB - 0 CLINICAL - 0 (45 HOURS)****TOTAL QUARTER CREDIT HOURS: 4.5****PREREQUISITES: NONE**

This course introduces students to the history and role of the Practical Nurse within the healthcare industry. Applying principles of professionalism, critical thinking, and the clinical problem-solving process, the student will explore concepts related to patient safety, communication, collaborative nursing practice, legal and ethical principles, technology, quality improvement, and the relationship of evidence to practice. The course emphasizes the Practical Nurses' legal scope of practice.

PNI24 ANATOMY AND PHYSIOLOGY**CONTACT HOURS: THEORY - 45 LAB - 0 CLINICAL - 0 (45 HOURS)****TOTAL QUARTER CREDIT HOURS: 4.5****PREREQUISITES: NONE**

This course provides the Practical nursing student with basic knowledge of the normal structure and function of the human body. Topics include an introduction to anatomy and physiology, basic chemistry concepts, cell and tissue structure and function, and the integumentary, skeletal, muscular, nervous, endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary and reproductive systems.

PNI28 HEALTH ASSESSMENT**CONTACT HOURS: THEORY - 15 LAB - 60 CLINICAL - 0 (75 HOURS)****TOTAL QUARTER CREDIT HOURS: 4.5****PREREQUISITES: NONE**

This course focuses on the development of interviewing and physical assessment skills necessary to complete and document comprehensive and focused physical, psychosocial, and spiritual patient assessment. Students will learn an evidence-based, systematic approach to collecting and analyzing patient data as a basis for planning and engaging in collaborative care. Laboratory experiences will be utilized to integrate theory and skill mastery at the level essential for the Practical Nurse.

PNI30 NURSING TERMINOLOGY AND MATHEMATICS**CONTACT HOURS: THEORY - 30 LAB - 0 CLINICAL - 0 (30 HOURS)****TOTAL QUARTER CREDITS: 3.0****PREREQUISITES: NONE**

This course introduces essential concepts of nursing terminology and mathematics. Students will employ a systematic, word-building approach to master the complex terminology used with the healthcare field. This part of the course allows students to learn medical terms, accurate pronunciations, definitions, and spelling. In the second part of the course, students use a systematic approach to master the complex calculations necessary for the safe administration of medications. Dimensional analysis is used to calculate medication dosages for pediatric and adult oral, powdered, topical, parenteral, and intravenous medications, including weight-based medications.

PNI48 THE OLDER ADULT**CONTACT HOURS: THEORY - 30 LAB - 0 CLINICAL - 0 (30 HOURS)****TOTAL QUARTER CREDIT HOURS: 3.0****PREREQUISITES: PNI20, PNI24, PNI28, PNI30**

Improvements in healthcare have allowed people to live to older ages than ever before in history. An aging society makes it imperative for nurses to understand the processes of aging and the comprehensive health needs of older adults. This course emphasizes a holistic approach to the understanding and care of older adults. Global concepts related to aging are covered with an emphasis on health and wellness. The role of the nurse and inter-professional healthcare team in managing special healthcare issues of older adults and their families is discussed. Students will have the opportunity to interview healthy older adults and reflect on their views related to aging.

PNI60 PATHOPHYSIOLOGY**CONTACT HOURS: THEORY - 30 LAB - 0 CLINICAL - 0 (30 HOURS)****TOTAL QUARTER CREDIT HOURS: 3.0****PREREQUISITES: PNI20, PNI24, PNI28, PNI30**

This course introduces the student to pathophysiological concepts and their effects on body systems. Building on principles of anatomy and physiology, the student will explore deviations from normal body structure and function due to disease and health problems across the lifespan. Primary concepts include disease etiology, pathology, clinical manifestations, and common diagnostic results. Ethnic and gender variations in disease incidence will also be addressed.

PN164 MEDICAL SURGICAL NURSING**CONTACT HOURS: THEORY - 45 LAB - 60 CLINICAL - 135 (240 HOURS)****TOTAL QUARTER CREDIT HOURS: 12.0****PREREQUISITES: PN120, PN124, PN128, PN130**

This course focuses on the beginning knowledge and skills necessary for Practical nursing practice. The clinical problem-solving process is a primary focus of the course and provides the structure for the understanding of healthcare needs and nursing intervention. Concepts related to patient and staff safety, quality of care, inter-professional collaboration, and evidence-based practice are emphasized throughout the course. Laboratory and clinical experiences in patient care environments allow students to demonstrate the use of the clinical problem-solving process to provide culturally-sensitive, patient-centered care.

PN168 PHARMACOLOGY I**CONTACT HOURS: THEORY - 30 LAB - 0 CLINICAL - 0 (30 HOURS)****TOTAL QUARTER CREDIT HOURS: 3.0****PREREQUISITES: PN120, PN124, PN128, PN130**

This course introduces students to basic principles of pharmacology. Prescription and over-the-counter (OTC) medications used to manage common acute and chronic health problems will be discussed from a nursing perspective. The course will focus on the practical nurse's role in the safe administration of medications. Topics include drug action and interaction, indications and contraindications, routes of administration, safe dose ranges, therapeutic and adverse reactions, and drug use in special populations across the lifespan. Special emphasis is on the role of the nurse in patient teaching. Medication calculation will be reviewed.

PN220 MENTAL HEALTH NURSING**CONTACT HOURS: THEORY - 30 LAB - 0 CLINICAL - 45 (75 HOURS)****TOTAL QUARTER CREDIT HOURS: 4.5****PREREQUISITES: PN160, PN164, PN168**

This course provides students with an overview of theories and concepts related to the care of patients across the lifespan with select psychiatric and behavioral issues, with a particular emphasis on mental health issues of the older adult. The importance of an inter-professional team approach to treatment is emphasized as is the continuum of care across behavioral health settings. Students will use the clinical problem-solving process, therapeutic communication, and evidence-based approaches to care with patients in acute or community-based settings.

PN224 ADVANCED MEDICAL SURGICAL NURSING**CONTACT HOURS: THEORY - 45 LAB - 30 CLINICAL - 135 (210 HOURS)****TOTAL QUARTER CREDIT HOURS: 10.5****PREREQUISITES: PN160, PN164, PN168**

This course builds on previously acquired knowledge and focuses on the care of patients with acute health problems and multiple comorbidities. Clinical decision making, inter-professional collaboration, and care management are emphasized throughout the course as is the relationship of evidence to practice. Laboratory skill experiences allow students to learn and practice advanced nursing skills. Clinical practice in patient care environments allows students to apply acquired content knowledge in the care of multiple patients and to demonstrate skills at increasing levels of complexity.

PN228 PHARMACOLOGY II**CONTACT HOURS: THEORY - 30 LAB - 0 CLINICAL - 0 (30 HOURS)****TOTAL QUARTER CREDIT HOURS: 3.0****PREREQUISITES: PN160, PN164, PN168**

This course focuses on medications used by **Practical Nurses** in the care of patients with acute health problems. The **Practical Nurses'** role in the safe administrations of medications will be emphasized. Topics include drug action and interaction, indications and contraindications, routes of administration, safe dose ranges, therapeutic and adverse reactions, and drug use in special populations. Special emphasis is on the role of the nurse in patient teaching. Medication calculation will be reviewed. Lifespan differences and complementary alternative therapies are also discussed and evaluated.

PN240 PARENT CHILD NURSING**CONTACT HOURS: THEORY - 45 LAB - 0 CLINICAL - 0 (45 HOURS)****TOTAL QUARTER CREDIT HOURS: 4.5****PREREQUISITES: PN220, PN224, PN228**

This course introduces the student to current trends in family-centered nursing through a holistic approach to theories and concepts related to the health and illness needs of the childbearing family with focus on the obstetric, newborn, and pediatric patient. The course will emphasize normal growth and development, safety and injury prevention, and the impact of culture on the family unit's response to psychological and physical stressors. Clinical experiences support application of didactic content to

antepartum, intrapartum, postpartum, and child health.

PN244 PRACTICAL NURSING CAPSTONE

CONTACT HOURS: THEORY - 45 LAB - 30 CLINICAL - 180 (255 HOURS)

TOTAL QUARTER CREDIT HOURS: 12.0

PREREQUISITES: PN220, PN224, PN228

This course provides senior nursing students the opportunity to develop increasing levels of autonomy in managing care for several patients through the integration of knowledge and skills learned throughout the curriculum. Clinical experiences allow the application of essential content and skills acquired throughout the program to the care of multiple complex care patients. The course will facilitate the student's transition into the role of an entry level **Practical Nurse**. Emphasis is placed on principles of care management including clinical decision making, priority setting, patient safety, quality management, collaboration, delegation, and time management.

COURSES IN TEACHOUT PROGRAMS

BA100 BUSINESS I

CONTACT HOURS: THEORY - 90 LAB - 0 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 9.0

PREREQUISITES: NONE

Business I is comprised of an overview of the nature of business including the goal of business and the study of economic systems. Students are introduced to major aspects of the business environment.

BA101 MANAGEMENT

CONTACT HOURS: THEORY - 90 LAB - 0 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 9.0

PREREQUISITES: NONE

Management covers the concepts, terminology, principles, theories, and issues that relate to field of management. The course provides students with an overview of introductory management and organization of functions. Students are instructed in integrate behavioral and system approaches into the traditional analysis of business. Students are exposed to decision making and planning strategies while developing leadership skills.

BA102 ACCOUNTING

CONTACT HOURS: THEORY - 90 LAB - 0 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 9.0

PREREQUISITES: NONE

This course covers basic accounting principles, the basic accounting equation, debits and credits, and analyzing transactions using T-accounts. It focuses on the completion of the accounting cycle and covers recording and posting transactions using journals and ledgers, adjustments, closing entries, and post-closing trial balances. This course provides the tools for the preparation of financial statements including Income Statements, Statements of Owners Equity and Balance Sheets.

BA103 BUSINESS LAW

CONTACT HOURS: THEORY - 90 LAB - 0 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 9.0

PREREQUISITES: NONE

Business Law includes an overview of the types of laws such as Constitutional law, statutes, torts, criminal and contract law, and emphasizes the role of law in business and society including government regulations, consumer protection, environmental laws, worker health and safety, employment discrimination and other laws effecting business. Students are informed about the legal system as it relates to business.

BA104 BUSINESS II

CONTACT HOURS: THEORY - 90 LAB - 0 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 9.0

PREREQUISITES: BA100-BA103

Business II includes introductions to human relations, human resources, marketing, accounting, financial analysis and the financial system. Students also review and discuss business trends and events that will change the future business world.

BA105 COMPUTERIZED ACCOUNTING SYSTEMS

CONTACT HOURS: THEORY - 20 LAB - 70 (90 HOURS)

TOTAL QUARTER CREDIT HOURS: 5.5**PREREQUISITES: BA100-BA103**

This course is an overview of the functionality of integrated accounting software systems. Topics include step-by-step entry guidelines for financial transactions, generation and analysis of accounting reports, and production of financial statements.

BA106 ECONOMICS**CONTACT HOURS: THEORY – 90 LAB – 0 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 9.0****PREREQUISITES: BA100 – BA103**

The course is designed to acquaint students with the workings of the economy. Students learn processes involving the economic systems, markets and completion, money and banking, production, income, and employment, economic activities and policies, and international economics.

BA107 BUSINESS COMPUTER INFORMATION SYSTEMS**CONTACT HOURS: THEORY – 70 LAB – 0 (90 HOURS)****TOTAL QUARTER HOURS: 8.0****PREREQUISITES: BA100 – BA103**

Business Computer Information Systems is designed to provide students with an understanding how information systems may be used to solve problems and make better business decisions. The role of information services in management, including current professional practices and methodologies, is covered. Emphasis is on the managerial and strategic aspects of information technology.

BA208 HUMAN RESOURCES MANAGEMENT**CONTACT HOURS: THEORY – 90 LAB – 0 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 9.0****PREREQUISITES: BA104-BA107**

Human Resource Management covers the concepts, terminology, principles, theories, issues and regulations that relate to the field of Human Resources.

BA209 PRODUCTION AND OPERATIONS MANAGEMENT**CONTACT HOURS: THEORY - 90 LAB - 0 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 9.0****PREREQUISITES: BA104-BA107**

Production and Operations Management incorporates engineered information driven activities of the supply chain such as communication, inventory management, warehousing, transportation, facility location, product service and support. With advances in technology and communications, the activities have been significantly altered and a need for analysis in a competitive environment focusing on supply chain management and manufacturing for competitive advantage has been developed. This becomes even more important due to product life cycles shrinking and competition becoming more intense.

BA210 STRATEGIC MANAGEMENT AND IMPLEMENTATION**CONTACT HOURS: THEORY - 90 LAB - 0 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 9.0****PREREQUISITES: BA104-BA107**

The main objective of the course is to understand the functions and methods of strategic management. The subject matter focuses on business strategy, strategic objectives, strategic diagnosis, monitoring, and forecasting.

COS300 COSMETOLOGY SKILL FUNDAMENTALS**CONTACT HOURS: Lab: 300 Hours****PREREQUISITES: None**

This course introduces the fundamental practical skills of nails, haircuts and texture. Students participate in hands-on skills training of manicures, pedicures, haircuts and texture. Fundamental practical skills of skin care, hair color and hair design will be covered in this course; students participate in hands-on skills training of facials, hair removal, and hair color and design.

COS310 COSMETOLOGY LIFE SKILLS/CAREER OPPORTUNITIES**CONTACT HOURS: THEORY 25 Hours****PREREQUISITES: None**

Students in this course will receive instruction in history of cosmetology, life skills, professional image and communicating for success.

COS320 INFECTION CONTROL; ANATOMY AND PHYSIOLOGY**CONTACT HOURS: THEORY 25 Hours****PREREQUISITES: None**

The focus of this course will be the role of infection control, anatomy and physiology in the cosmetology field. Students will be introduced to skin structure, growth and disorders.

COS330 TRICHOLOGY AND NAIL DISORDERS**CONTACT HOURS: THEORY 25 Hours****PREREQUISITES: None**

This course will cover nail structure, growth, disorders and diseases. Students will also be introduced to trichology.

COS340 CHEMISTRY AND ELECTRICITY**CONTACT HOURS: THEORY 25 Hours****PREREQUISITES: None**

Students will discuss chemistry and electricity as it pertains to the cosmetology field. They will also be introduced to principles of hair design and scalp care.

COS350 HAIRCUTTING AND HAIR STYLING**CONTACT HOURS: THEORY 25 Hours****PREREQUISITES: None**

In this course, students will focus on haircutting and hairstyling. This course will cover the fundamentals of how to begin a haircut and the correct styling techniques.

COS360 CHEMICAL SERVICES AND EXTENSIONS**CONTACT HOURS: THEORY 25 Hours****PREREQUISITES: None**

The focus of this course will be chemical texture services and extensions. Students will cover the fundamentals of relaxers and permanent waves. They will also cover multiple extension techniques.

COS370 SKIN CARE**CONTACT HOURS: THEORY 25 Hours****PREREQUISITES: None**

This course will introduce skin care, hair removal and make-up.

COS380 NAIL CARE**CONTACT HOURS: THEORY 25 Hours****PREREQUISITES: None**

Students will be introduced to the fundamentals manicures, pedicures and artificial nail enhancements.

COS390 SALON EMPLOYMENT/BUSINESS**CONTACT HOURS: THEORY 25 Hours****PREREQUISITES: None**

Students will receive instruction on how to prepare for employment, building clientele and other business options. This course will also cover preparing for licensure, how to manage money and interviewing for jobs.

COS400 SALON SKILLS**CONTACT HOURS: LAB 975 Hours****PREREQUISITES: COS300**

Students adapt learned techniques on clients building their salon clientele while performing in the school salon.

HPI100 MEDICAL TERMINOLOGY**CONTACT HOURS: THEORY- 90 LAB - 0 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 9.0****PREREQUISITES: NONE**

Students will develop an understanding of medical terminology, symbols and abbreviations, and the application of this new language in the field of health care. While terms are covered as they relate to body structure and function, the main focus is on medical vocabulary and constructing terms using word parts such as roots, suffixes and prefixes.

HP101 ANATOMY AND PHYSIOLOGY**CONTACT HOURS: THEORY - 70 LAB - 20 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 8.0****PREREQUISITES: NONE**

Students will acquire an overview of the anatomical structures and physiology of the human body. Each body system is discussed in terms of the major anatomical structures and functions including how each system participates in homeostasis of the body. In addition, the course will cover selected major pathologies, including disease definitions and causes, signs and symptoms, diagnostic procedures, and possible treatments. Finally, the course will cover common issues and changes that occur in each body system through the life span.

HP102 MEDICAL OFFICE PROCEDURES**CONTACT HOURS: THEORY - 70 LAB - 20 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 8.0****PREREQUISITES: NONE**

The student will gain an understanding of the concepts and develop the skills required to work in the medical office and to support the reimbursement functions associated with specialized billing procedures. This course covers basic computer skills to include web access skills, concepts related to hardware and software, and MS Office Suite applications

HP103 COMPUTERIZED MEDICAL BILLING**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: NONE**

Students will expand their knowledge of computer technology in healthcare and the use of electronic health records. This course will introduce students to the methods and language of healthcare reimbursement. Students will explore principles of reimbursement as they apply to various types of healthcare settings and in addition this course also prepares students for careers in computerized patient accounting. Students will be instructed in how to manage patient information using the latest medical and accounting software. Instruction covers patient registration, appointments and scheduling, insurance claims, processing patient transactions, medical records, and patient case management. public reporting of disease and disease trends, how acute care organizations store and retrieve electronic records, analysis of different types of encoder software, analysis on online coding tools (coding reference tools), evaluation of CAC's, and identifying issues involving the migration from a paper-based HIM to an electronic HIM. The student will become familiar with major acute care environment vendors and their system strengths, evaluation of the HER, evaluation of the PHR, and evaluation of HIE's.

HP104 PHARMACOLOGY**CONTACT HOURS: THEORY - 90 LAB - 0 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 9.0****PREREQUISITES: HP100, HP101, HP102, HP103**

Students will gain knowledge of how pharmacological agents are used in the healthcare industry. Drugs are introduced in classifications according to body systems and commonly used drugs in each classification are studied in detail. Topics covered include allergy and respiratory medications, anti-infective medications, and anti-neoplastic agents, and central nervous system medications. Drug action and the preparation and administration of medications will also be covered.

MAS1120 HUMAN LIFE CYCLE SYSTEMS**CONTACT HOURS: THEORY- 60 LAB - 60 (120 HOURS)****TOTAL QUARTER CREDIT HOURS: 9.0****PREREQUISITES: NONE**

This course provides an overview of patient care areas involving the reproductive system, maternal child and geriatric life stages, and the role of the healthcare professional in patient care needs associated with genetics, growth and development, pregnancy and the reproductive system. Topics include medical terminology, anatomy and physiology, pharmacology with basic math, communication, medical records, and safety, legal and ethical standards. Both administrative skills and clinical skills in various health care settings according to national competencies as they relate to these systems are included. Professional development, accuracy, organization, and time management are emphasized.

MAS1135 CARDIOVASCULAR SYSTEMS**CONTACT HOURS: THEORY - 40 LAB - 40 (80 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.0****PREREQUISITES: NONE**

This course provides an overview of the patient care areas involving cardiovascular and blood systems, and the role of the

healthcare professional in patient care needs associated with these systems. Topics include medical terminology, anatomy and physiology, pharmacology with basic math, communication, medical records, and safety, legal and ethical standards. Both administrative skills and clinical skills in various health care settings according to national competencies as they relate to these systems are included. Professional development, accuracy, organization and time management are emphasized.

MAS1140 NUTRITION AND ELIMINATION SYSTEMS

CONTACT HOURS: THEORY- 60 LAB - 60 (120 HOURS)

TOTAL QUARTER CREDIT HOURS: 9.0

PREREQUISITES: NONE

This course provides an overview of patient care areas involving nutrition, metabolism, gastrointestinal and genitourinary systems, and the role of the healthcare professional in patient care needs associated with these systems. Topics include medical terminology, anatomy and physiology, pharmacology with basic math, communication, medical records, and safety, legal and ethical standards. Both administrative skills and clinical skills in various health care settings according to national competencies as they relate to these systems are included. Professional development, accuracy, organization and time management are emphasized.

MAS1150 BODY COORDINATION AND CONTROL SYSTEMS

CONTACT HOURS: THEORY - 60 LA - 60 (120 HOURS)

TOTAL QUARTER CREDIT HOURS: 9.0

PREREQUISITES: NONE

This course provides an overview of patient care areas involving the nervous and endocrine systems, and the role of the healthcare professional in patient care needs associated with these systems. Topics include medical terminology, anatomy and physiology, pharmacology with basic math, communication, medical records, and safety, legal and ethical standards. Both administrative skills and clinical skills in various health care settings according to national competencies as they relate to these systems are included. Professional development, accuracy, organization and time management are emphasized.

MAS1155 BODY DEFENSE AND CHEMICAL BALANCE SYSTEMS

CONTACT HOURS: THEORY - 40 LAB - 40 (80 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.0

PREREQUISITES: NONE

This course provides an overview of the patient care areas involving lymphatic, immune, fluids and electrolytes, and acid/base balance systems, and the role of the healthcare professional in patient care needs associated with these systems. Topics include medical terminology, anatomy and physiology, pharmacology with basic math, communication, medical records, and safety, legal and ethical standards. Both administrative skills and clinical skills in various health care settings according to national competencies as they relate to these systems are included. Professional development, accuracy, organization and time management are emphasized.

MAS1165 RESPIRATORY SYSTEMS

CONTACT HOURS: THEORY - 40 LAB - 40 (80 HOURS)

TOTAL QUARTER CREDIT HOURS: 6.0

PREREQUISITES: NONE

This course provides an overview of the patient care areas involving respiratory systems, and the various roles of the healthcare professional in patient care needs associated with these systems. Topics include medical terminology, anatomy and physiology, pharmacology with basic math, communication, medical records, and safety, legal and ethical standards. Both administrative skills and clinical skills in various health care settings according to national competencies as they relate to these systems are included. Professional development, accuracy, organization and time management are emphasized.

MAS1170 HUMAN BODY MECHANICS SYSTEMS

CONTACT HOURS: THEORY - 60 LAB - 60 (120 HOURS)

TOTAL QUARTER CREDIT HOURS: 9.0

PREREQUISITES: NONE

This course provides an overview of patient care areas involving cells, tissues, integumentary and musculoskeletal systems, and the role of the healthcare professional in patient care needs associated with these systems. Topics include medical terminology, anatomy and physiology, pharmacology with basic math, communication, medical records, and safety, legal and ethical standards. Both administrative skills and clinical skills in various health care settings according to national competencies as they relate to these systems are included. Professional development, accuracy, organization and time management are emphasized.

MAS2290 MEDICAL ASSISTING CAPSTONE

CONTACT HOURS: THEORY- 60 LAB - 60 (120 HOURS)

TOTAL QUARTER CREDIT HOURS: 9.0

PREREQUISITES: MASI 120-MASI 170

This course is a capstone review of roles and responsibilities in medical assisting. Students will demonstrate competencies related to administrative and clinical skills used in a variety of healthcare settings, and will also focus on preparation for employment in the field of medical assisting.

MAS2399 MEDICAL ASSISTING EXTERNSHIP**CONTACT HOURS: THEORY- 0 LAB - 0 EXTERNSHIP-180 (180 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.0****PREREQUISITES: MAS2290**

This course is designed to provide the student hands-on experience in the field working as an extern in a healthcare facility. Professionalism in dress, behavior, and attitude are presented throughout the program.

MB105 INTRODUCTION TO CPT/HCPS CODING**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: HP100–HP103**

The student will acquire the needed skills used in applying Current Procedural Terminology (CPT) codes to physician and non-physician services. Students will develop an understanding of CPT characteristics, terminology and conventions.

MB106 INTRODUCTION TO DIAGNOSTIC CODING**CONTACT HOURS: THEORY - 45 LAB - 45 (90 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: HP100–HP103**

The student will be introduced to coding and classification systems and develop an understanding of how to assign valid diagnostic and procedural codes.

MB109 HEALTH INFORMATION MANAGEMENT**CONTACT HOURS: THEORY- 45 LAB - 45 (HOURS 90)****TOTAL QUARTER CREDIT HOURS: 6.5****PREREQUISITES: HP100–HP103**

Students will develop an understanding of health information, including content and structure of patient records: quantitative and qualitative analysis of the documentation of patient care; storage needs; and retrieving patient data. Students will be introduced to the various functions performed in a health record department with emphasis on maintaining confidentiality of patient data.

MB211 MIBC EXTERNSHIP**CONTACT HOURS: THEORY- 0 LAB - 0 EXTERNSHIP - 180 (180 HOURS)****TOTAL QUARTER CREDIT HOURS: 6.0****PREREQUISITES: HP104, MB105, MB106, MB109**

Students learn from hands-on experience in medical administrative duties in billing and coding. Students are required to complete 180 hours of supervised training in a physician's office, clinic, or hospital setting. This course gives students the opportunity to obtain unpaid work experience and become familiar with the aspects and duties of a medical insurance billing and coder position.

Computer Career Center, a Division of Vista College maintains compliance with the following: Title IV (of the Higher Education Act), Title IX (of the Education Amendments of 1972), The Equal Credit Opportunity Act (Discrimination in Lending), the Age Discrimination Act and the Americans with Disabilities Act.

NON-DISCRIMINATION POLICY

CCC does not deny admission or discriminate on the basis of race, color, sex, age, religion, creed, disability, national origin, veteran's status, or sexual orientation. CCC does not make pre-admission assumptions or inquiries regarding an individual's disability.

CCC admits students of any race, color, national and ethnic origin or other protected characteristics to all rights, privileges, programs and activities generally made available to students, and is non-discriminatory in its administration of educational policies, scholarship and loan programs, and other school-administered programs.

In addition, the institution complies with the Civil Rights Act of 1964, related Executive orders 11246 and 11375, Title IX of the Education Amendments Act of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, Section 402 of the Vietnam Era Veterans Readjustment Assistance Act of 1974, the Americans with Disabilities Act of 1990, and all applicable state civil rights laws.

DRUG FREE SCHOOLS

All campuses are designated as drug-free. Upon enrollment, the campus will provide each student the CCC Policy on Alcohol and Drugs containing information on the penalties associated with drug related offenses. The possession, sale, furnishing, or use of alcohol or controlled substances on campus is prohibited. Students will be held accountable for the use of alcoholic beverages or controlled substances on CCC or externship property, including the purchase, consumption, possession, furnishing, or sale of such items. The National Minimum Drinking Age Act of 1984 required all states to raise their minimum purchase and public possession of alcohol to age 21. The possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws.

In compliance with the Drug Free Schools and Communities Act of 1989, CCC provides the following information regarding the use of illicit drugs and the abuse of alcohol in its Policy on Alcohol and Drugs: 1) CCC Disciplinary Action, 2) Applicable Local, State, and Federal Laws, 3) Health Risks Associated with the Use of Drugs and Abuse of Alcohol, and 4) Drug/Alcohol Counseling and Rehabilitation Programs.

A student that violates the CCC prohibition on controlled substances or alcohol is subject to disciplinary action up to and including immediate suspension or dismissal from CCC, and legal implications including criminal prosecution, fine and/or imprisonment. Students dismissed for misconduct will be advised by the Campus Director. Readmission is subject to the Campus Director's approval.

RECORDS RETENTION AND MAINTENANCE

Admissions material submitted to the school should be original documents. Upon receipt by the admissions office, the documents submitted become property of CCC. Originals, except for diplomas or foreign transcripts, will not be returned to the student. An admission file will be considered complete if the material required for enrollment has been received. In accordance with CCC policy, admissions applications and supporting documentation for students who applied but did not start will be retained for a period of one year. Transcripts are kept indefinitely.

In accordance with provisions of the Family Educational Rights and Privacy Act (FERPA) of 1974, as amended, third party access to records or copies of the documents therein, will not be permitted without written consent of the student. Validation of written consent will be required prior to release of information in the record. A reasonable period (not to exceed 5 business days) may take place before records are available.

RECORDS AND THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT 1974

In compliance with FERPA and the Buckley Amendment, CCC gives notice that the following types of directory information may be released to the general public and agencies without the written consent of the student:

- Student name
- Dates of attendance
- Major field of study and awards, certificate/diploma/degree earned

Students currently enrolled may request all or part of their directory information be withheld from the public by filing a written request with the Registrar. Such a request will remain in effect during the enrollment period unless the student requests its removal in writing.

Students must authorize release of any additional information pertaining to student records in writing, except as authorized under the law. Such exceptions include, but are not limited to agencies duly conducting authorized audits of school records, compliance with legally authorized court orders, and cooperation with law enforcement officials in official investigations. Students have a right to inspect and review upon written request to the campus. In addition, the student has the right to request an amendment of the education records including information that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

CAMPUS SECURITY ACT

In accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1990 (the "Clery Act"), CCC publishes an Annual Security Report ("ASR"). The ASR contains information and crime statistics for the previous three calendar years regarding crimes that occurred on campus and on public property within, or immediately adjacent and accessible to the campus. The report also contains information regarding campus security and personal safety topics such as crime prevention, fire safety, crime reporting policies, the Policy on Alcohol and Drugs, and other information related to safety and security. A copy of the ASR is available to students and on CCC's website: <https://www.vistacollege.edu/campus-safety/>

CAMPUS SEX CRIMES PREVENTION ACT

The Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where to obtain law enforcement agency information provided by a state regarding registered sex offenders. Information may be requested from the Department of Public Safety regarding convicted sex crime offenders. The website is located at www.nmsexoffender.dps.state.nm.us. This is the official Internet source for public record information on sex offender registrations in the state of New Mexico.

The Campus Sex Crimes Prevention Act also requires that sex offenders who are required to register in the state to provide notice of each institution of higher education in the state at which the offender is employed, enrolled, or carries on a vocation. CCC recognizes that it is the responsibility of local law enforcement officials to notify the community of potential public danger. Therefore, CCC does not disseminate sex offender registry information to students. CCC will work closely with local law enforcement officials to determine when and under what circumstances local law enforcement officials will notify the community about the presence of a registered sex offender.

SEXUAL HARASSMENT

Sexual harassment is illegal, and members of the CCC community (students, faculty, and staff) have the right to be free from sexual harassment by any member of the community. CCC's zero tolerance policy is a commitment to providing a sexual harassment-free environment.

Should a student feel that s/he has been sexually harassed, the student should immediately inform the Campus Director or Director of Education. In the event the student is uncomfortable discussing the situation with a member of the campus community, the student may also call the In-Touch Hotline at 1-877-241-0084. In-Touch is a confidential, anonymous, toll-free number for students and employees to use to report any unethical or questionable behavior.

Sexual harassment is any unwanted conduct of a sexual nature, which includes, but is not limited to, unwelcome sexual advances; the use or threatened use of sexual favors as a basis for academic or employment decisions; conduct that creates a hostile, intimidating or offensive academic or working environment; conduct that has the effect of unreasonably interfering with an individual's academic or work performance; and other verbal, nonverbal, or physical conduct of a sexual nature that is sufficiently severe, persistent, or pervasive to limit a person's ability to participate in or benefit from an educational program or activity.

TITLE IX REGULATIONS

CCC is committed to maintaining a campus environment free from inappropriate conduct based on gender. CCC does not discriminate on the basis of sex in its education programs and activities, and it encourages any student who thinks that he or she has been subjected to sex discrimination, sexual harassment (including sexual violence) or sexual

misconduct by another student, member of the faculty or staff, or campus visitor or contractor, to immediately report the incident to any institutional official, administrator, supervisor or the Title IX Coordinators.

Reports of sex discrimination or sexual harassment can be made to the Institution at any time, however, individuals are encouraged to report such incidents as soon as possible after the date of the alleged incident so prompt action can be taken to investigate and resolve the complaint. No person is required to report sex discrimination or sexual harassment to the alleged offender.

A complaint alleging sex discrimination or sexual harassment should be submitted, preferably in writing, to the Director of Compliance or the Executive Vice-President of Human Resources. The complaint should contain the following information:

- Name of the Complainant(s);
- Contact information, including address, telephone, and email;
- Date(s) and place(s) of alleged violation(s);
- Nature of alleged violation(s) as defined in this policy;
- Detailed description of the specific conduct that is the basis of alleged violation(s);
- Copies of documents pertaining to the alleged violation(s);
- Names of any witnesses to alleged violation(s);
- Action requested to resolve the situation;
- Complainant's signature and date of filing; and
- Any other relevant information

CAMPUS FACULTY & STAFF

A comprehensive listing of all campus faculty and staff members can be found in this catalog's supplement, Volume 37, effective July 1, 2019.

HISTORY OF THE SCHOOL

Computer Career Center was established in El Paso, Texas, on October 14, 1985. The school was first located at the El Paso Community College, Rio Grande Campus, and provided training to JTPA (Job Training Partnership Act) students through a joint effort with the El Paso Community College and the Upper Rio Grande Private Industry Council (URGPIC). The school moved to a new location at 8201 Lockheed, El Paso, Texas 79925 on June 20, 1986. L & W Chayes Enterprises, Inc., d/b/a/ Computer Career Center, purchased Control Data Multiskill Center, El Paso branch, on November 1, 1987. Computer Career Center became the successor of interest to existing contracts from Control Data Multiskill Center in El Paso.

On April 1, 1993, Computer Career Center's main campus relocated to its present location at 6101 Montana, El Paso, Texas 79925. The main campus provides occupational education to west Texas and southern New Mexico. The main campus is located at 6101 Montana Avenue in El Paso, Texas and shares over 34,000 square feet between two buildings. The facilities consist of multiple lecture rooms, medical and dental laboratories, computer labs, media center/library, administrative offices and conference rooms.

Computer Career Center opened an extension campus at 7731 North Loop Drive, El Paso, Texas 79915 on March 7, 2005. The Computer Career Center Extension campus teaches programs in allied health. An extension campus, located at 7731 North Loop Drive, opened in March, 2005 and consists of approximately 10,000 square feet of space. The facilities consist of administrative offices, classrooms, library, and medical and computer labs.

Computer Career Center, LP, purchased Computer Career Center on June 1, 2006. Computer Career Center, LP, is part of Education Futures Group, LLC, a Prospect Partners LLC portfolio company.

Computer Career Center opened a New Mexico campus at 850 N. Telshor, Suite F&G, Las Cruces, New Mexico, 88011 in the spring of 2007. This facility occupies 36,902 square feet of space and consists of multiple lecture rooms, medical and dental laboratories, computer labs, media center/library, administrative offices and conference rooms. The rooms are modern, well-equipped and provide adequate space for the approved programs.

Computer Career Center, LP purchased Texas Computer Training Institute (TCTI) on August 2007. In 2008, the school officially changed the name TCTI to Computer Career Center—Lubbock campus. The Lubbock campus, located

at 4620 50th Street, Lubbock, Texas is housed at two locations with a combined 38,699 square feet of space. Students have access to computer labs, medical labs, classrooms, skills labs, and adequate work space for cosmetology and skilled trades programs. Administrative offices and testing rooms are also available.

During 2009, Computer Career Center changed its name to Computer Career Center, a Division of Vista College.

Computer Career Center opened an extension campus at 5919 Brook Hollow, El Paso, Texas, 79925 in February 2010. The Computer Career Center Extension campus teaches programs in allied health and business. With over 35,000 square feet of space, the Brook Hollow location offers multiple classrooms, computer labs, medical and dental labs, media center/library, administrative offices, as well as houses the skilled trades programs. The total square footage of all facilities in El Paso is approximately 73,550.

Computer Career Center opened a Beaumont, TX campus in December 2010. The facility, located at 3871 Stagg Drive, occupies 38,750 square feet of space and consists of administrative offices, multiple classrooms, medical labs, computer labs, and designated areas for the massage rooms.

Vista College opened a Longview, TX campus in September 2011. The Longview, branch campus occupies 35,900 square feet of space. The facility utilizes current industry equipment found in medical and dental labs, computer labs, as well as multiple classrooms, media/library, and administrative offices. Space is also available for expansion and additional programs.

A campus in Killeen, Texas opened January 2013. The branch campus, located at 1001 S. Fort Hood Street in Killeen, Texas, began offering classes in January 2013. Occupying approximately 15,000 square feet of space, the facility consists of administrative offices, multiple classrooms, medical labs, computer labs, media/library, and adequate space for the cosmetology program. Space is also available for additional programs and future expansion plans.

A campus in College Station, Texas opened March 2014. The branch campus located at 2704 Texas Avenue South, College Station, Texas began offering classes April 2014. The school offered specialized vocational training and occupational education. Occupying approximately 18,680 square feet of space, the facility consists of administrative offices, multiple classrooms, medical labs, computer labs, and media/library. Space is also available for additional programs and future expansion plans.

Vista College opened a campus at 1200 S. Waldron Road in Ft Smith, Arkansas in January, 2016. This facility occupies 25,800 square feet of space and consists of multiple lecture rooms, medical and dental laboratories, computer labs, media center/library, administrative offices and a conference room. The rooms are modern, well-equipped and provide adequate space for the approved programs.

Vista College and Computer Career Center, a Division of Vista College program graduates are awarded certificates, diplomas, or associate degrees, according to program. Curricula are reviewed and developed through an Occupational Advisory Committee whose members represent business, industry, and education. A Financial Aid Department, a Placement Department, and an Admissions Department supplement the Academic Department to help students achieve their career goals.

Vista College is chartered by the State of Texas as a private education corporation and approved by the Texas Workforce Commission, Career Schools and Colleges, 101 East 15 Street, Austin, Texas 78778-0001 (512) 936-3100 and the State of New Mexico Higher Education Department, 1068 Cerrillos Road, Santa Fe, NM, 87505-1650, (505) 476-6548. The Associate of Applied Science Degrees are approved and regulated by the Texas Higher Education Coordinating Board, 1200 East Anderson Lane, Austin, TX 78752, (512) 427-6101 and the Council on Occupational Education, 7840 Roswell Road, Building 300, Suite 325, Atlanta, Georgia 30350, (770) 396-3898. The Ft. Smith campus is approved and regulated by the State of Arkansas Higher Education Department, 423 Main Street, Suite 400, Little Rock, Arkansas 72201, (501) 371-2000.

The Practical Nurse program began in September, 2008 in Las Cruces, New Mexico and is regulated by the New Mexico Board of Nursing, 6301 Indian School Road, NE, Suite 710, Albuquerque, NM 87110, (505) 841-8340, www.bon@state.nm.us. The Cosmetology program began in Las Cruces, NM in May 2011 and is regulated by New Mexico Regulation and Licensing Department, Board of Barbers and Cosmetologists, Toney Anaya Bldg., 2550 Cerrillos Road, Santa Fe, NM, 87505, Phone-(505)476-4690, Fax-(505)476-4665. Vista College is accredited by the Council on Occupational Education, 7840 Roswell Road, Building 300, Suite 325, Atlanta, Georgia 30350, (770) 396-3898.

* Branch Campus of Vista College
6101 Montana Avenue
El Paso, Texas 79925
(915) 779-8031

Effective September 6, 2019:

The following ATTENDANCE VIOLATIONS information replaces the respective policy on page 23 of the Computer Career Center, a Division of Vista College Catalog, Volume 37.

Consecutive Days Absent

A student will be dismissed from school if absent for 14 consecutive calendar days (excluding scheduled breaks and holidays) within a single term.

Effective September 3, 2019:

The following PROFICIENCY CREDIT information is added to the respective policy on page 10 of the Computer Career Center, a Division of Vista College Catalog, Volume 37.

PROFICIENCY CREDIT

The student will submit a written request for proficiency credit to the Director of Education no later than three weeks prior to the course start date, and the determination process must be completed before the course begins. Practical Nurse students must pass a proficiency exam (which may include skills assessment) that must be passed with a grade of 75 or higher in order to receive academic credit for the course.

Effective August 26, 2019:

The following information is removed from PROGRAMS IN TEACHOUT - DIPLOMA on page 38 of the Computer Career Center, a Division of Vista College Catalog, Volume 37.

COSMETOLOGY (Teachout effective January 2018)

The Cosmetology certificate program is designed to expose students to the skills necessary for becoming licensed cosmetologists. The program focuses on preparing students for the state licensure exam and professional entry into the salon industry using both theoretical and practical instruction. Students are awarded Certificates of Proficiency upon completion of the program, including acquisition of 1600 hours to satisfy New Mexico state requirements. The course includes extensive instruction and practical experience in hair cutting, coloring and perming, customer service, personal appearance and hygiene, personal motivation and development, retail skills, client record keeping, business ethics, sanitation, state laws and regulations, salon-type administration, and job interviewing. The course is divided into pre-clinical classroom instruction and clinical service learning experiences:

Pre-clinical Classroom Instruction: The first 300 hours are devoted to classroom workshops where students cover design principles, technical information, and professional practices.

Clinic Learning Experience: The remaining 1200 hours are spent in the clinic area, providing students with the opportunity for practical experience.

Course Number	Course Title	Theory/Lab/Clock Hours	Total Clock Hours
COS300	Cosmetology Skills Fundamentals	300	300
COS310	Cosmetology Life Skills/Career Opportunities	25	25
COS320	Infection Control; Anatomy and Physiology	25	25
COS330	Trichology and Nail Disorders	25	25
COS340	Chemistry and Electricity	25	25
COS350	Haircutting and Hair Styling	25	25
COS360	Chemical Services and Extensions	25	25
COS370	Skin Care	25	25
COS380	Nail Care	25	25
COS390	Salon Employment/Business	25	25
COS400	Salon Skills	1075	1075

Total Clock Hours: 1600

Estimated Completion Time: 46 weeks (day)/64 weeks (evening)

This Program is Approved and Regulated by New Mexico Regulation and Licensing Department, Board of Barbers and Cosmetologists, Toney Anaya Bldg., 2550 Cerrillos Road, Santa Fe, NM 87505. Phone 505-476- 4690: Fax 505-476-4665.

To be employed as a “licensed cosmetologist” in the state of New Mexico, an individual must possess a license issued by the New Mexico Regulation and Licensing Department, Board of Barbers and Cosmetologists.

The following descriptions are removed from COURSES IN TEACHOUT PROGRAMS beginning on page 45 of the Computer Career Center, a Division of Vista College Catalog, Volume 37.

COS300 COSMETOLOGY SKILL FUNDAMENTALS

CONTACT HOURS: Lab: 300 Hours

PREREQUISITES: None

This course introduces the fundamental practical skills of nails, haircuts and texture. Students participate in hands-on skills training of manicures, pedicures, haircuts and texture. Fundamental practical skills of skin care, hair color and hair design will be covered in this course; students participate in hands-on skills training of facials, hair removal, and hair color and design.

COS310 COSMETOLOGY LIFE SKILLS/CAREER OPPORTUNITIES

CONTACT HOURS: THEORY 25 Hours

PREREQUISITES: None

Students in this course will receive instruction in history of cosmetology, life skills, professional image and communicating for success.

COS320 INFECTION CONTROL; ANATOMY AND PHYSIOLOGY

CONTACT HOURS: THEORY 25 Hours

PREREQUISITES: None

The focus of this course will be the role of infection control, anatomy and physiology in the cosmetology field. Students will be introduced to skin structure, growth and disorders.

COS330 TRICHOLOGY AND NAIL DISORDERS

CONTACT HOURS: THEORY 25 Hours

PREREQUISITES: None

This course will cover nail structure, growth, disorders and diseases. Students will also be introduced to trichology.

COS340 CHEMISTRY AND ELECTRICITY

CONTACT HOURS: THEORY 25 Hours

PREREQUISITES: None

Students will discuss chemistry and electricity as it pertains to the cosmetology field. They will also be introduced to principles of hair design and scalp care.

COS350 HAIRCUTTING AND HAIR STYLING

CONTACT HOURS: THEORY 25 Hours

PREREQUISITES: None

In this course, students will focus on haircutting and hairstyling. This course will cover the fundamentals of how to begin a haircut and the correct styling techniques.

COS360 CHEMICAL SERVICES AND EXTENSIONS

CONTACT HOURS: THEORY 25 Hours

PREREQUISITES: None

The focus of this course will be chemical texture services and extensions. Students will cover the fundamentals of relaxers and permanent waves. They will also cover multiple extension techniques.

COS370 SKIN CARE

CONTACT HOURS: THEORY 25 Hours

PREREQUISITES: None

This course will introduce skin care, hair removal and make-up.

COS380 NAIL CARE

CONTACT HOURS: THEORY 25 Hours

PREREQUISITES: None

Students will be introduced to the fundamentals manicures, pedicures and artificial nail enhancements.

COS390 SALON EMPLOYMENT/BUSINESS

CONTACT HOURS: THEORY 25 Hours

PREREQUISITES: None

Students will receive instruction on how to prepare for employment, building clientele and other business options

This course will also cover preparing for licensure, how or manage money and interviewing for jobs.

COS400 SALON SKILLS

CONTACT HOURS: LAB 975

PREREQUISITES: COS300

Students adapt learned techniques on clients building their salon clientele while performing in the school salon.

Effective July 2, 2019:

The following information is added to the VETERANS AND SERVICE MEMBERS section on page 10 of the Computer Career Center, a Division of Vista College Catalog, Volume 37.

In accordance with Title 38 US Code 3679(e), this educational institution adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post-9/11 G.I. Bill[®] (Ch. 33) or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from VA. This educational institution will not:

- Prevent the student's enrollment;
- Assess a late penalty fee to the student;
- Require the student to secure alternative or additional funding;
- Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:

- Produce the VA Certificate of Eligibility (COE) by the first day of class;
- Provide a written request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies
